

PVC Cable Protector

An all-purpose cable protector, offering a simple and cheap solution to prevent trip hazards caused by trailing wires and leads. Designed with two separate internal channels, cables can easily be inserted through a slot on the base to ensure they lay flat on the floor surface. We offer two thickness, 12mm and 17mm suitable for the capacity of two x 8mm or 11mm wires or leads subsequently. The protector is supplied with double sided tape for easy application to the floor.

Features
