

Sanibrush

Sanibrush has been designed to improve hygiene in food preparation and processing areas as well as for entrances to kitchens and catering facilities. The ramped edges retain disinfectant solution whilst the raised nib design not only offers an efficient scrubbing action, the nibs compress under foot traffic, bringing footwear into contact with the disinfectant. Sanibrush also offers great anti-fatigue benefits.

Features

- ◆ **Typical applications:** Ideal for kitchens and catering facilities where hygiene protection is essential.
- ◆ **Material:** 100% natural rubber.
- ◆ **Cleaning:** Use a high pressure hose (not exceeding 60psi) to remove dirt and debris on the mat. For best results use a mild detergent.
- ◆ **Sustainability:** Recyclable material. REACH compliant.
- ◆ **Warranty:** Lifetime.

Suitable for indoor and outdoor use
