

Your floor safety experts.
Product directory 8

Hello,

Welcome to our latest product directory, version 8, where we are pleased to present our comprehensive selection of matting and GRP floor safety products.

Over the past year, we have made significant strides in our business. Our team has grown, and we have introduced new products to meet the demands of our rapidly expanding range. Additionally, we have established our third distribution centre, further enhancing our operational capabilities. We have also launched a new website to improve your browsing experience.

We are delighted to maintain our reputation for delivering top-quality products promptly and maintaining an unmatched stock inventory. These attributes are a source of great pride for us, as we understand their vital significance to you and your customers.

We trust that you will find our directory helpful and informative. As always, we remain dedicated to providing exceptional customer support and are just a phone call away should you require any assistance.

Neville Young

Neville Young
Managing Director

Features Glossary

	Slip Resistant		Water Absorbent
	Anti-Fatigue		Crush Resistant
	Wear Resistant		Soil Resistant
	Anti-Microbial		Chemical Resistant
	Connectable		Cut To Length
	Cut To Size		Decontamination Prevention
	Disability friendly		Dry Area
	Flame Retardant		Forklifts
	Heavy Area		Impact Resistant
	Made from 100% recycled materials		Medical Area
	Non-Conductive (Electrical)		Non-Conductive (HV Electrical)
	Non-Static (ESD)		Oily and Greasy Area
	UV Resistant		Washable to 30°C
	Washable to 40°C		Washable to 50°C
	Welding Area		Wet Zone
	Wheeled Area		

Blue Diamond have given the six features highlighted above effectiveness ratings from 1 (low) to 3 (high) throughout the directory.

See page 87 of the directory for more details.

Welcome

Why distributors choose us

We're a market leading manufacturer of matting and GRP floor safety products, with a focus on innovation whilst providing the highest level of customer service. Our products are designed to be used in the most demanding work and leisure environments, putting people's safety and welfare at the heart of everything we do. From busy airports, catering kitchens and construction sites to industrial and engineering facilities, our extensive expertise and knowledge will help you make informed decisions in selecting the right flooring and safety products for you and your customers. We also offer custom-made solutions designed around your specific needs.

The Blue Diamond difference

If you're looking to work with a company that provides exemplary customer service, offers the highest quality products, and always delivers on its promises, then look no further than Blue Diamond.

With expansive distribution facilities spanning multiple locations, an impressive one-hour turnaround for all enquiries, and a dedicated team of experts meticulously managing our extensive stock inventory, we assure you that your order will be shipped on time, every time.

We're extremely passionate about our products and that's because every single detail of the manufacturing process is closely monitored to achieve lasting quality, including where our factories are located, the procedures followed and above all, the materials used. We also like to work closely with our customers to ensure our product range is what you need. So, whether this is a new size, colour, or product altogether, just let us know and we'll be only too happy to help.

At Blue Diamond, we're proud to be different. Passion, Speed, Availability and Reliability are at the core of everything we do and putting you, our customers, at the heart of our decision making.

We're so confident in our products, we offer a lifetime warranty!

We pride ourselves on the quality of our matting and floor safety products. Our products are rigorously tested at independent facilities and certified to the highest standards.

The tests undertaken depend on the type of product, but may include resistance to wear and tear, deflection rate (a measurement of underfoot comfort), slip resistance, critical fall height, fire resistance, electrical resistance, electrostatic discharge (ESD) rate, oil and chemicals resistance and polycyclic aromatic hydrocarbon (PAH) and other chemical content. Further data is available by product type, including test reports, on request.

Once a product is in production, we use strict quality control processes to ensure a consistent standard across the run. Throughout the year we also regularly quality check our products to ensure they consistently meet the needs of you, our customers.

We're so confident in our testing and quality control processes that we offer a lifetime warranty against manufacturing defects on all Blue Diamond products.

Join the family

If you are not working with us already, why not get in touch today, we guarantee you won't be disappointed.

Industrial

Anti-slip and anti-fatigue matting for people who work on their feet

Ensuring the safety and well-being of your employees and visitors is our top priority. We offer an extensive range of safety matting solutions to suit every environment. Our products include anti-fatigue, rubber, vinyl, interlocking, and non-interlocking mats, protective flooring, moisture and dirt control, electrical protection, dissipative floor and workbench mats as well as floor tapes and cable protection.

Prolonged standing on cold, hard floors can lead to fatigue and various health issues. Such conditions, coupled with the risk of slips, trips, and falls, can result in decreased productivity and increased absenteeism, costing employers millions each year. That's why our products are thoughtfully designed for every application and working condition, from light-duty to heavy footfall. We're confident that if you need it, we have it!

Kumfi Rib

- ◆ Light-duty anti-fatigue mat.
- ◆ Closed-cell vinyl foam relieves leg and back discomfort.
- ◆ Ribbed surface offers traction and grip.
- ◆ Anti-trip bevel edges for added safety.
- ◆ Material: Microcellular vinyl.
- ◆ Overall height: 9.4mm.

Code	Metric	Imperial	Type
KR2436	60cm x 90cm	2' x 3'	Mats
KR3660	90cm x 150cm	3' x 5'	
KR310	90cm x 300cm	3' x 10'	
KR4872	120cm x 180cm	4' x 6'	
KR260	60cm x 18.3m	2' x 60'	Rolls
KR360	90cm x 18.3m	3' x 60'	
KR460	120cm x 18.3m	4' x 60'	
KR24	60cm wide	2' wide	Cut length - per m
KR36	90cm wide	3' wide	
KR48	120cm wide	4' wide	

Black only

Suitable for indoor use

Typical applications: Manufacturing plants, assembly lines, picking and packing workstations, logistics warehouses, industrial and laboratory environments and service counters

Kumfi Pebble

- ◆ Light-duty anti-fatigue mat.
- ◆ Closed cell vinyl foam with pebble surface for added traction and grip.
- ◆ Yellow edged option for added safety awareness.
- ◆ Anti-trip bevel edges on all sides.
- ◆ Material: Microcellular vinyl.
- ◆ Overall height: 9.4 mm.

Code	Metric	Imperial	Type
KP2436	60cm x 90cm	2' x 3'	Mats
KP3660	90cm x 150cm	3' x 5'	
KP310	90cm x 300cm	3' x 10'	
KP4872	120cm x 180cm	4' x 6'	
KP260	60cm x 18.3m	2' x 60'	Rolls
KP360	90cm x 18.3m	3' x 60'	
KP460	120cm x 18.3m	4' x 60'	
KP24	60cm wide	2' wide	Cut length - per m
KP36	90cm wide	3' wide	
KP48	120cm wide	4' wide	

Suitable for indoor use

Typical applications: Manufacturing plants, assembly lines, picking and packing workstations, logistics warehouses, industrial and laboratory environments and service counters

Kumfi Diamond

- ◆ Durable extra thick anti-fatigue mat.
- ◆ Diamond pattern surface and bevelled edges for excellent worker comfort and safety.
- ◆ Tough vinyl Dyna-Shield coating offers 50% more wear resistance, whilst also acting as a barrier to cold floors.
- ◆ Ideal for medium duty use in dry environments.
- ◆ Material: Microcellular vinyl.
- ◆ Overall height: 12.7mm.

Code	Metric	Imperial	Type
KD2436	60cm x 90cm	2' x 3'	Mats
KD3660	90cm x 150cm	3' x 5'	
KD260	60cm x 18.3m	2' x 60'	Rolls
KD360	90cm x 18.3m	3' x 60'	
KD460	120cm x 18.3m	4' x 60'	
KD24	60cm wide	2' wide	Cut length - per m
KD36	90cm wide	3' wide	
KD48	120cm wide	4' wide	

Typical applications: Automotive and industrial environments, manufacturing plants, assembly lines, picking, packing and logistics warehouses, individual workstations, checkout lines, behind counters and in workshops

Kumfi Tough

- ◆ Premium anti-fatigue mat for dry heavy duty use.
- ◆ Slip resistant vinyl surface bonded to ergonomic foam for ultimate worker comfort. The non-slip backing ensures stability and prevents mat movement.
- ◆ Resistant to common fluids, most chemicals and is non-flammable.
- ◆ Yellow edge option for added safety awareness.
- ◆ Material: Durable vinyl surface bonded to a resilient closed-cell vinyl sponge.
- ◆ Overall height 14.3mm.

Code	Metric	Imperial	Type
KU2436	60cm x 90cm	2' x 3'	Mats
KU3660	90cm x 150cm	3' x 5'	
KU310	90cm x 300cm	3' x 10'	
KU320	90cm x 6m	3' x 20'	
KU275	60cm x 23m	2' x 75'	Rolls
KU375	90cm x 23m	3' x 75'	
KU475	120cm x 23m	4' x 75'	
KU24	60cm wide	2' wide	Cut length - per m
KU36	90cm wide	3' wide	
KU48	120cm wide	4' wide	

Typical applications: Warehousing and distribution facilities, industrial and manufacturing environments along with packing and production lines

Diamond Interlock

- ◆ Heavy duty, interlocking rubber mat for simple on-site installation in dry industrial environments.
- ◆ Easily connectable to make long continuous lengths, with trip resistant bevels on all sides.
- ◆ Deckplate design and moulded air pockets underneath provide traction and ergonomic benefits.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 14mm.

Black only

Suitable for indoor use

Code	Metric	Imperial	Type
DC2831	71cm x 78cm	2' x 3'	Centre tile
DE2831	71cm x 78cm	2' x 3'	End tile

Typical applications: Workshops, production lines, assembly areas and picking and packing stations

Tuff-Tile Diamond

- ◆ Interlocking non-slip tile system with moulded cellular structure for outstanding comfort and durability.
- ◆ Resistant to most solvents and chemicals.
- ◆ Protects existing floors by reducing damage caused by impact, abrasion, and vibration.
- ◆ Quick and simple to install with ramped edges for added safety. Suitable for wheeled use.
- ◆ Material: 100% recycled PVC.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 14mm.

Black in stock, other colours available on request.

Bevels available
in both black
and yellow

Code	Metric	Imperial	Type
TTD2020BL (single)	50cm x 50cm	2' x 2'	Tiles
TTD2020BL4 (pack of 4)	50cm x 50cm	2' x 2'	
TTD2020BL9 (pack of 9)	50cm x 50cm	2' x 2'	
TTD20M (single)	50cm x 6cm	2' x 2"	Bevel Male
TTD20M4 (pack of 4)	50cm x 6cm	2' x 2"	
TTD20F (single)	50cm x 6cm	2' x 2"	Bevel Female
TTD20F4 (pack of 4)	50cm x 6cm	2' x 2"	

Suitable for
indoor and outdoor use

Typical applications: Garages, workshops, warehouses, factories, schools, exhibitions and events, residential areas and sport and leisure facilities

Tuff-Tile HD Textured

- ◆ Heavy duty, non-slip interlocking tile system designed to provide excellent durability and comfort.
- ◆ Resistant to most solvents and chemicals.
- ◆ Protects existing floors by reducing damage caused by impact, abrasion, and vibration.
- ◆ Quick and simple to install with ramped edges to prevent trips and falls. Suitable for wheeled use.
- ◆ Bevel edges and corners are sold separately.
- ◆ Material: 100% recycled PVC.
- ◆ Overall height: 7mm.

Black in stock, other colours available on request

Bevels and corners available in both black and yellow

Code	Metric	Imperial	Type
TT2020BL (single)	50cm x 50cm	2' x 2'	Tiles
TT2020BL4 (pack of 4)	50cm x 50cm	2' x 2'	
TT2020BL9 (pack of 9)	50cm x 50cm	2' x 2'	
TT20B (single)	50cm x 7.5cm	2' x 3"	Bevel Edge
TT20B4 (pack of 4)	50cm x 7.5cm	2' x 3"	
TT20C (single)	5cm x 5cm	2" x 2"	Corner
TT20C4 (pack of 4)	5cm x 5cm	2" x 2"	

Typical applications: Manufacturing plants, assembly lines, warehouses (picking, packing), workstations, garages, workshops, schools, exhibitions, events, residential, sport facilities

Tuff-Tile PennyDot

- ◆ Interlocking non-slip tile system with a cellular structure for excellent durability and comfort.
- ◆ Resistant to most solvents and chemicals.
- ◆ Protects existing floors by reducing damage caused by impact, abrasion, and vibration.
- ◆ Quick and simple to install with ramped edges for added safety. Suitable for wheeled use.
- ◆ Bevel edges sold separately.
- ◆ Material: 100% recycled PVC.
- ◆ Overall height: 12mm.

Black in stock, other colours available on request

Bevels available in both black and yellow

Code	Metric	Imperial	Type
TTP2020BL	50cm x 50cm	2' x 2'	Tile
TTD20M	50cm x 6cm	2' x 2"	Bevel Male
TTD20F	50cm x 6cm	2' x 2"	Bevel Female

Typical applications: Manufacturing plants, assembly lines, warehouses (picking, packing), workstations, garages, workshops, schools, exhibitions, events, residential, sport facilities

Cushion Link Open Top – General Purpose

- ◆ Modular anti-fatigue matting system, offering outstanding ergonomic comfort and safety.
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Open top design for excellent drainage and swarf removal.
- ◆ Material: High quality natural rubber, recycled rubber and 25% nitrile rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 19mm.
- ◆ Compatible with Cushion Link Solid Top range.

Code	Metric	Imperial	Type
CLO36GP	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Black only

Bevels available in both black and yellow

Typical applications: Industrial and manufacturing areas

Cushion Link Open Top – 100% Nitrile

- ◆ Modular anti-fatigue matting system, offering outstanding ergonomic comfort and safety.
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Open top design for excellent drainage and swarf removal.
- ◆ High-quality, resilient rubber, resistant to extreme temperatures and most chemicals and oils.
- ◆ Material: Nitrile rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 19mm.
- ◆ Compatible with Cushion Link Solid Top range.

Code	Metric	Imperial	Type
CLO36NFR	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Black only

Bevels available in both black and yellow

Typical applications: Oily, greasy, welding and manufacturing areas

Cushion Link Solid Top – General Purpose

- ◆ Ultimate modular matting for ergonomic comfort and safety.
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Anti-slip textured surface with unique underside design for superb anti-fatigue properties.
- ◆ Material: High quality natural rubber, recycled rubber and 25% nitrile rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 19mm.
- ◆ Compatible with Cushion Link Open Top range.

Code	Metric	Imperial	Type
CLS36GP	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Black only

Bevels available in both black and yellow

Typical applications: Industrial and manufacturing areas

Cushion Link Solid Top – 100% Nitrile

- ◆ Modular matting for outstanding ergonomic comfort and safety.
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Anti-slip textured surface with unique underside design for superb anti-fatigue properties.
- ◆ High quality resilient rubber compounds, resistant to extreme temperatures and most chemicals and oils.
- ◆ Material: Nitrile rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 19mm.
- ◆ Compatible with Cushion Link Open Top range.

Code	Metric	Imperial	Type
CLS36NFR	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Black only

Bevels available in both black and yellow

Typical applications: Oily, greasy, welding and manufacturing areas

Cushion Link Solid Top – Abrasive 100% Nitrile

- ◆ Ultimate modular matting for ergonomic comfort and safety.
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Highly abrasive surface ensures exceptional anti-slip protection, while the unique underside design delivers superb anti-fatigue properties.
- ◆ High quality resilient rubber compounds, resistant to extreme temperatures.
- ◆ Material: Nitrile rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 19mm.
- ◆ Compatible with Cushion Link Open Top range.

Code	Metric	Imperial	Type
CLS36NFRA	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Typical applications: Oily, greasy, welding and manufacturing areas

Cushion Link Solid Top – Static Dissipative

- ◆ Ultimate modular matting for ergonomic comfort and safety.
- ◆ Meets IEC61340-4-1 standard, measured resistance Rg 106-109 Ω , Rp 106-109 Ω .
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Anti-slip textured surface with unique underside design provides superb anti-fatigue properties.
- ◆ Material: Static dissipative natural rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height 19mm.

Code	Metric	Imperial	Type
CLS36SGP	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Typical applications: Electrostatically sensitive environments such as cleanrooms and electronic equipment assembly lines

Ergotred

- ◆ Versatile anti-fatigue loose lay mat providing superb worker comfort at a very economical price.
- ◆ Made from heavy duty flexible rubber known for its 5* comfort rating.
- ◆ Bevelled yellow safety edges and suction cup backing for enhanced anti-slip properties.
- ◆ Domed surface texture for improved circulation and provides a comfortable massaging effect.
- ◆ Material: Natural rubber.
- ◆ Overall height: 14.5mm.

Suitable for indoor use

Code	Metric	Imperial
ER2436	60cm x 90cm	2' x 3'
ER3648	90cm x 120cm	3' x 4'

Typical applications: Industrial and manufacturing environments, storage facilities, workshops, warehouses, security guard rooms, commercial offices, kennels, livery enclosures and dog grooming areas

Oilzone

- ◆ High quality anti-fatigue matting, resistant to oils and harsh chemicals.
- ◆ Drainage holes and raised studs for a dry, safe and comfortable work surface.
- ◆ Aggressive slip resistant surface.
- ◆ Highly visible orange bevelled borders on three sides for added safety.
- ◆ Material: 100% nitrile rubber.
- ◆ Overall height: 22mm.

Black with orange bevel edge

Suitable for wet or dry, metal work, fluids, oils and chemicals usage

Code	Metric	Imperial
OZ2640	66cm x 102cm	2' x 3'
OZ3864	97cm x 163cm	3' x 5'
OZ310	97cm x 315cm	3' x 10'

Typical applications: Oily machine areas, manufacturing plants, production lines, assembly lines, CNC machines, metal working for individual workstations and custom work platforms

Oilzone Custom

- ◆ Oilzone Custom is a customised version of Oilzone, tailored to any shape or size.
- ◆ Designed to withstand industrial oils and harsh chemicals.
- ◆ Drainage holes and raised studs ensure a dry, safe and comfortable work surface.
- ◆ Aggressive slip resistant surface.
- ◆ Highly visible orange bevelled borders for added safety.
- ◆ Material: 100% nitrile rubber.
- ◆ Overall height: 22mm.

Black with orange bevel edge

Suitable for wet or dry, metal work, fluids, oils and chemicals usage

Code	Size	Type
OZ-CSM	Per m ²	Mat

Typical applications: Oily machine areas, manufacturing plants, production lines, assembly lines, CNC machines, metal working for individual workstations and custom work platforms

Workzone

- ◆ Multi-purpose hardwearing mat, provides excellent anti-fatigue benefits.
- ◆ Anti-slip surface and bevelled edges on all four sides ensure worker comfort and safety.
- ◆ Honeycomb design traps swarf and disperses liquids quickly, leaving the surface clear.
- ◆ Available in a various sizes to fit any environment.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 13mm.

Code	Metric	Imperial	Type
WZ2436	60cm x 90cm	2' x 3'	Mats
WZ3248	80cm x 120cm	3' x 4'	
WZ3660	91cm x 150cm	3' x 5'	
WZ310	91cm x 3m	3' x 10'	Rolls
WZ320	91cm x 6m	3' x 20'	

Black only

Typical applications: Industrial, construction and manufacturing environments, production and assembly lines, workshops, distribution centres and individual workstations and custom work platforms

Workzone – 75% Nitrile

- ◆ Multi-purpose oil and grease resistant mat with safety anti-slip surface and bevels on all sides.
- ◆ Open top design quickly disperses liquids, leaving the surface clear.
- ◆ Provides excellent anti-fatigue benefits.
- ◆ Available in a range of sizes to suit any environment.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 13mm.

Code	Metric	Imperial	Type
WZN3660	91cm x 150cm	3' x 5'	Mats
WZ310*	91cm x 3m	3' x 10'	
WZ320*	91cm x 6m	3' x 20'	Rolls

*Available in red only

Typical applications: Oily machine areas, workshops and industrial, commercial, residential, construction and distribution environments

Cellmax

- ◆ Economical rubber duckboard matting for comfort and safety.
- ◆ Cellular slip-resistant surface.
- ◆ Straight edges for easy joining with connectors, to cover large areas and around machinery.
- ◆ Octagonal drainage holes and raised edging ensure a clear surface by allowing fluid and debris to fall through.
- ◆ Designed for heavy and regular usage over a long period.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 22mm.

Code	Metric	Imperial	Type
CM3959	100cm x 150cm	3' x 5'	Mats
CMC	7cm x 7cm	3" x 3"	Connector

Black only

Typical applications: Industrial, construction and manufacturing environments, can be used for roof walkway matting

Utility

- ◆ Hard wearing multi-purpose mat with anti-slip textured surface.
- ◆ Drainage channels and holes keep the surface clear of dirt and water.
- ◆ Built in bevelled edge for added trip resistance (120cm x 180cm mat only).
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 10mm.

Code	Metric	Imperial	Type
UT4872	120cm x 180cm	4' x 6'	Mat
UT3916	100cm x 5m	3' x 16'	Rolls
UT3933	100cm x 10m	3' x 33'	

Black only

Typical applications: Construction, distribution, industrial and engineering environments, can also be used for roof walkways

Safety Scrape

- ◆ Provides exceptional anti-slip protection, even in wet or oily areas.
- ◆ Welding safe; resistant to oils, grease and chemicals.
- ◆ Moulded scrapers remove heavy dirt and swarf from shoes and boots.
- ◆ Material: 100% nitrile rubber.
- ◆ Ultra-low profile of 5mm.

Black only

Code	Metric	Imperial
SS2436	60cm x 90cm	2' x 3'
SS3660	85cm x 150cm	3' x 5'
SS310	85cm x 300cm	3' x 10'
SS4872	113cm x 180cm	4' x 6'
SS410	113cm x 300cm	4' x 10'

Typical applications: Workshop entrances, engineering workshops, kitchens, production areas, welding areas as well as external entrances

Happy Feet

- ◆ Heavy duty anti-fatigue mat with bevelled borders and gripper backing for added safety.
- ◆ 12.7mm dense foam cushion and nitrile rubber surface for exceptional anti-fatigue qualities.
- ◆ Welding safe; grease/oil/petroleum proof; chemical resistant; ESD rating of electrically conductive.
- ◆ Mats surface is penetration proof and borders will not crack or curl.
- ◆ Safe for use in computer rooms and other static sensitive areas.
- ◆ Material: Nitrile rubber.
- ◆ Overall thickness: 12mm.

Code	Metric	Imperial
HF2436	58cm x 85cm	2' x 3'
HF3660	85cm x 150cm	3' x 5'

Typical applications: Industrial applications including welding areas and static sensitive areas

Kumfi Tile PVC

- ◆ A very versatile high grip interlocking matting system that allows rapid extension or adaption of work areas.
- ◆ Designed to provide exceptional anti-fatigue comfort and anti-slip safety.
- ◆ Free flowing 4-way drainage design means the system is effective for indoor and outdoor, dry, wet, oily and greasy environments.
- ◆ Simple and effective interlocking system ensures a firm, quick joint which can be easily, but not accidentally released.
- ◆ Lays to fit awkward shapes in any colour combination.
- ◆ Easy to clean - simply unclips into small sections.
- ◆ Material: Soft PVC.
- ◆ Overall height: 12mm.

Code	Metric	Imperial	Type
KT1212	30cm x 30cm	12" x 12"	Tile
KT1202	30cm x 5cm	12" x 2"	Bevel Edge

Typical applications: Commercial and industrial applications including exhibitions, hospitals, hotels, kitchens and catering facilities, leisure and sporting venues, kennels, livery enclosures and animal grooming areas

Interflex

- ◆ Ultimate multi-use slip resistant mat, designed to withstand extensive foot traffic.
- ◆ Two-layer construction and channelled underbars automatically self-drain when faced with large amounts of water, oil, grease, or chemicals.
- ◆ The mats embossed surface provides exceptional grip, whilst the anti-microbial and anti-fungal additives ensure excellent hygiene.
- ◆ Easy to cut and contours to uneven surfaces, UV resistant.
- ◆ Excellent sound absorption properties.
- ◆ Resistant to most acids, alkaline and oils.
- ◆ Connector clips for side or end joining.
- ◆ Material: Flexible PVC.
- ◆ 100% recyclable, overall height: 11mm.

Code	Metric	Imperial	Type
IF2433	60cm x 10m	2' X 33'	Rolls
IF3233	80cm x 10m	3' x 33'	
IF3933	100cm x 10m	3' x 33'	
IF4733	120cm x 10m	4' x 33'	
IF24	60cm wide	2' wide	Cut length - per m
IF32	80cm wide	3' wide	
IF39	100cm wide	3' wide	
IF47	120cm wide	4' wide	
IFC	30mm x 20mm x 10mm	1" x 1" x 0.4"	Connector

Typical applications: Perfect for all wet environments plus welding, oily and heavy industrial areas, machine workshops.

Interflex Hazard

- ◆ Hardwearing anti-slip resistant mat, designed to self drain making it suitable for outdoor and indoor use.
- ◆ High visibility yellow strips for workplace safety.
- ◆ Suitable for heavy duty industrial use where slip hazards exist.
- ◆ Oil, grease and chemical resistant.
- ◆ Connector clips available for easy joining.
- ◆ Material: Soft PVC.
- ◆ Overall height: 12.5mm.

Code	Metric	Imperial	Type
IH2433	60cm x 10m	2' X 33'	Rolls
IH3233	80cm x 10m	3' x 33'	
IH3933	100cm x 10m	3' x 33'	
IH4733	120cm x 10m	4' x 33'	
IH24	60cm wide	2' wide	Cut length - per m
IH32	80cm wide	3' wide	
IH39	100cm wide	3' wide	
IH47	120cm wide	4' wide	
IFC	30mm x 20mm x 10mm	1" x 1" x 0.4"	Connector

Typical applications: Processing and manufacturing industry plus welding, oily and heavy industrial areas, machine workshops.

Ecosorb

- ◆ Anti-fatigue mat designed for combined use with replacement sorbent.
- ◆ Made from top quality nitrile rubber making it suitable for medium duty, wet or oily industrial environments.
- ◆ Captures liquids, oil and grease for a clear and safe surface.
- ◆ Rough gripper surface and raised ramps securely hold sorbent in place.
- ◆ Bubble design and moulded air pockets provide buoyancy for anti-fatigue relief.
- ◆ Replaceable refills available.
- ◆ Material: 100% nitrile rubber.
- ◆ Overall height: 12.7mm.

Black only with grey refill

Code	Metric	Imperial	Type
ES3660	87cm x 157cm	3' x 5'	Mat
ES3660R	80cm x 150cm	3' x 5'	Refill

Typical applications: Manufacturing plants, production lines, assembly lines, in front of CNC machines, metal working, individual workstations and custom work platforms

Dynamat

- ◆ Heavy duty premium rubber mat.
- ◆ Made from dense rubber with textured top surface for added traction.
- ◆ The wide ribbed pattern on reverse allows drainage.
- ◆ Excellent shock absorption qualities, wear resistance, and insulation properties.
- ◆ Material: Natural and recycled rubber.
- ◆ Available in two thicknesses: 10mm and 17mm.

Black only

Suitable for use in indoor and sheltered areas

Code	Metric	Imperial	Thickness
DM10	120cm x 180cm	4' x 6'	10mm
DM17	120cm x 180cm	4' x 6'	17mm

Typical applications: Industrial protective flooring, anti-vibration protection, high-traffic and impact area solutions

Sticky Step Plastic

- ◆ Anti-microbial adhesive sticky plastic sheets.
- ◆ Removes dirt from shoes, wheels, etc. on contact.
- ◆ 30 peel-off layers for maintaining a clean surface at all times.
- ◆ Bottom layer adheres to any clean, dry floor.
- ◆ 4 mats per pack/120 sheets.
- ◆ Sheet thickness, 0.055mm + 5%.
- ◆ Peel adhesion, 433g/25mm (top layer), 1071g/25mm (bottom layer).
- ◆ Material: Polyethylene film coated with acrylic (water solvable) adhesive.
- ◆ Overall height 2mm.

Suitable for indoor use

Code	Metric	Imperial
SP1845	48cm x 110cm	2' x 4'
SP2436	60cm x 90cm	2' x 3'
SP3660	90cm x 150cm	3' x 5'

Typical applications: Maintaining clean room and laboratory standards, operating theatres, intensive care units, data centres and pharmaceutical, electronics, aerospace, instrumentation, nuclear and construction environments

Rubber Rib Mat

- ◆ Low cost rubber surface covering.
- ◆ 100% rubber with fine ribbed surface for sure footing and easy cleaning.
- ◆ Material: 100% rubber.
- ◆ Available in 3mm and 6mm thicknesses.
- ◆ Choose from rolls or cut lengths.

Code	Metric	Imperial	Thickness	Type
RR391	90cm x 10m	3' x 33'	3mm	Rolls
RR3122	120cm x 10m	4' x 33'	3mm

RR6100	100cm x 10m	3' x 33'	6mm	
RR6122	120cm x 10m	4' x 33'	6mm	
RR391C	90cm wide	3' wide	3mm	Cut length - per m
RR3122C	120cm wide	4' wide	3mm	
RR691C	90cm wide	3' wide	6mm	
RR6100C	100cm wide	3' wide	6mm	
RR6122C	120cm wide	4' wide	6mm	

Black only

Typical applications: Industrial flooring, aisles, work benches and vehicle interiors, kennels, livery enclosures and animal grooming areas

Wide Rib Rubber

- ◆ Low cost rubber surface covering.
- ◆ The wide ribbed surface provides excellent grip for both floor surfaces and work areas.
- ◆ Material: 100% rubber.
- ◆ Available in two thicknesses: 3mm and 6mm and two widths: 90cm and 120cm.
- ◆ Choose from rolls or cut lengths.

Code	Metric	Imperial	Thickness	Type
WR391	90cm x 10m	3' x 33'	3mm	Rolls
WR3122	120cm x 10m	4' x 33'	3mm

WR6122	120cm x 10m	4' x 33'	6mm	
WR391C	90cm wide	3' wide	3mm	Cut length - per m
WR3122C	120cm wide	4' wide	3mm	
WR691C	90cm wide	3' wide	6mm	
WR6122C	120cm wide	4' wide	6mm	

Black only

Typical applications: Industrial flooring, aisles, work benches and vehicle interiors, kennels, livery enclosures and animal grooming areas.

PennyDot Rubber

- ◆ Low cost surface covering ideal for large floor spaces and work surfaces.
- ◆ Raised circular dots offer excellent slip resistance, and the reverse fabric design prevents mat movement.
- ◆ Material: 100% natural rubber.
- ◆ Available in two thicknesses: 3mm and 4.5mm.
- ◆ Choose from rolls or cut lengths.

Black only

Suitable for indoor use

Code	Metric	Imperial	Thickness	Type
PD3122	120cm x 10m	4' x 33'	3mm	Rolls

PD3122C	120cm wide	4' wide	3mm	Cut length - per m
PD4122C	120cm wide	4' wide	4.5mm	

Typical applications: Industrial flooring, aisles, walkways, work benches and vehicle interiors, kennels, livery enclosures and animal grooming areas.

Chequer Plate Mat Single Bar - 3mm

- ◆ Low-cost lightweight surface covering.
- ◆ Recommended for applications where safety and slip protection is needed without anti-fatigue properties.
- ◆ Diamond-embossed chequer plate surface provides exceptional non-directional grip for work benches as well as flooring.
- ◆ Material: 100% rubber.
- ◆ Overall thickness: 3mm.

Black only

Suitable for indoor use

Code	Metric	Imperial	Type
CR3122-1	120cm x 10m	4' x 33'	Rolls
CR3122-1C	120cm wide	4' wide	Cut length - per m

Typical applications: Commercial, retail and residential premises, care homes, schools, universities, public buildings, sports facilities, shopping malls and offices

Plate Finish Rubber

- ◆ General purpose grade smooth rubber.
- ◆ Designed to provide exceptional wear resistance.
- ◆ 65 degrees shore A hardness.
- ◆ Tensile strength at break 3.0 Mpa.
- ◆ Material: 100% rubber.
- ◆ Available in two thicknesses: 3mm and 6mm.
- ◆ Choose from rolls or cut lengths.

Black only

Suitable for indoor use

Code	Metric	Imperial	Thickness	Type
PR3140	140cm x 10m	5' x 33'	3mm	Rolls
PR6140	140cm x 10m	5' x 33'	6mm	
PR3140C	140cm wide	5' wide	3mm	Cut length - per m
PR6140C	140cm wide	5' wide	6mm	

Typical applications: Waterproof seals and gaskets, workbench protective coverings, flooring, vehicle interiors and drawer and shelf liners

Rubber Rib Mat Electrical (450v)

- ◆ Low cost non-conductive rubber safety matting.
- ◆ Provides insulation, protecting workers from electric shock.
- ◆ 100% rubber with fine ribbed surface for sure footing and easy cleaning.
- ◆ Tested to 11000 volts with a recommended working voltage of 450 volts.
- ◆ Material: Natural rubber.
- ◆ Overall thickness: 6mm.
- ◆ Choose from rolls or cut lengths.

Black only, image shows reverse of the mat

Suitable for indoor use

Code	Metric	Imperial	Type
RE691	90cm x 10m	3' x 33'	Rolls
RE6100	100cm x 10m	3' x 33'	
RE6122	120cm x 10m	4' x 33'	
RE691C	90cm wide	3' wide	Cut length - per m
RE6100C	100cm wide	3' wide	
RE6122C	120cm wide	3' wide	

Typical applications: Live switchboards, lower voltage switchboard applications, generators, electrical equipment and repair workstations

Rubber Rib Mat Electrical IEC (1000v)

- ◆ Low cost non-conductive rubber safety matting.
- ◆ Provides insulation, protecting workers from electric shocks.
- ◆ Fine ribbed surface for sure footing and easy cleaning.
- ◆ Tested to BSEN61111 (2009) Class 0 (superseding BS921), for mechanical puncture resistance, slip resistance, ageing, flame retardancy, acid and oil resistance.
- ◆ Tested to 5000 volts with a recommended working voltage of 1000v.
- ◆ Material: Natural rubber.
- ◆ Overall thickness: 6mm.
- ◆ Choose from rolls or cut lengths.

Code	Metric	Imperial	Type

RE-IEC6122C	120cm wide	4' wide	

Black only, image shows reverse of the mat

Suitable for indoor use

Typical applications: Live switchboards, lower voltage switchboard applications, generators, electrical equipment and repair workstations

Conductive anti-static matting

ESD Kumfi Pebble and ESD Worktop Matting are formulated to dissipate static electricity. Simple worker tasks - working, walking or even sitting on certain types of stools - creates static electric. Left unchecked, static can discharge into static sensitive equipment, potentially causing damage. Conductive/Anti-static matting drains static from workers, preventing unpleasant static shocks and safeguarding equipment.

ESD Kumfi Pebble

- ◆ ESD anti-fatigue vinyl sponge matting.
- ◆ Designed for anti-static protection in medium duty areas.
- ◆ Meets IEC61340-4-1 (category DIF), measured resistance ESD Rg - Rg 10⁶ - 10⁹ and ESD Rp - Rp 10⁶ - 10⁹.
- ◆ Pebble surface provides good anti-slip protection and the bevelled edges on all sides minimise the risk of tripping.
- ◆ Material: Microcellular vinyl.
- ◆ Overall height: 9.4mm.
- ◆ Use in conjunction with ESD accessories.

Code	Metric	Imperial	Type
EP2436	60cm x 91cm	2' x 3'	Mats
EP3660	91cm x 150cm	3' x 5'	
EP360	91cm x 18.3m	3' x 60'	Rolls
EP36	91cm wide	3' wide	Cut length - per m

Suitable for indoor use

Typical applications: Assembly lines, logistics warehouses, individual workstations, around machinery, computer rooms, hospitals and the aerospace industry

ESD Worktop Matting

- ◆ ESD protective worktop matting designed to dissipate static from conductive items placed on it.
- ◆ Protects components from damaging static shock by bringing ESD protective materials and personnel to the same electrical potential.
- ◆ Made from antistatic (conductive) and static-dissipative materials with synthetic rubber.
- ◆ 2mm thick double-layer structure (Surface is a 0.5mm thick static-dissipative layer and the bottom is a 1.5mm conductive layer).
- ◆ Material: Nitrile rubber.
- ◆ Use in conjunction with ESD accessories.

Suitable for indoor use

Code	Metric	Imperial	Type
EW2448	60cm x 120cm	2' x 4'	Mats
EW4833	120cm x 10m	4' x 33'	Rolls
EW48	120cm wide	4' wide	Cut length - per m

Typical applications: Assembly lines, logistics warehouses, workshops and individual workstations, laboratories, automotive, computer and electronics industries, hospitals and even photocopy areas

ESD Accessories

- ◆ Use with our ESD range and anti-static floor mats for safe dissipation of electrostatic charge, protecting workers from static shocks.
- ◆ Common Grounding Point Cord connects mats and common points to ground.
- ◆ Wrist band and heel grounder ensure effective worker connection.
- ◆ Common Grounding Point Cord - Socket connects up to three cords to ground.

Code	Description
EA0522	Common Grounding point Cord - Socket
EA0542	Wrist Band
EA0551	Earth Bonding Plug
EA0561	Heel Grounder

Common Grounding point Cord - Socket

Wrist Band

Earth Bonding Plug

Heel Grounder

Knee Saver

- ◆ Convenient and lightweight (only weighs 350g) portable kneeling pad for on-site maintenance.
- ◆ Manufactured from a nitrile/PVC foam blend, highly resistant to oils and greases.
- ◆ Reduces knee and back pain caused by regular kneeling.
- ◆ Self-extinguishing, non-conductive, silicone free material.
- ◆ Built in handle makes it easy to carry or hang.
- ◆ Material: Nitrile and PVC foam blend.
- ◆ Overall height: 25mm.

Black only

Suitable for indoor and outdoor use

Code	Metric	Imperial
KS1222	31cm x 55cm	1' x 2'

Typical applications: All floor-based work, tool and maintenance carts, individual workstations, tool sheds, gardening, or cleaning

Diamond Grip Tape – General Purpose

- ◆ Self-adhesive anti-slip tape for medium to high traffic areas.
- ◆ Waterproof, oil and grease resistant, including most chemicals.
- ◆ Provides excellent grip levels for added safety.
- ◆ Available in rolls or stair tread cleats.
- ◆ Easy application with application temperature range of 10°C - 50°C.
- ◆ Strong adhesion: 5.5kg / 25mm.
- ◆ Material: Aluminium Oxide (80 grit) with solvent acrylic adhesive.
- ◆ Overall height: 0.8mm.

Code	Metric	Imperial	Type
DGGP01	25mm x 18.3m	1" x 60'	Rolls
DGGP02	50mm x 18.3m	2" x 60'	
DGGP04	100mm x 18.3m	4" x 60'	
DGGP06	150mm x 18.3m	6" x 60'	
DGGP624	610mm x 150mm	2' x 6"	Cleat

Typical applications: Industrial and construction sites, commercial premises, universities, public buildings, residential, retail, sports facilities and offices

Diamond Grip Tape – Hazard

- ◆ Self-adhesive anti-slip tape for medium to high traffic areas.
- ◆ Hazard design to increase awareness.
- ◆ Waterproof, oil and grease resistant, including most chemicals.
- ◆ Provides excellent grip levels for added safety.
- ◆ Available in rolls or stair tread cleats.
- ◆ Easy application with application temperature range of 10°C - 50°C.
- ◆ Strong adhesion: 5.5kg / 25mm.
- ◆ Material: Aluminium Oxide (80 grit) with solvent acrylic adhesive.
- ◆ Overall height: 0.8mm.

Code	Metric	Imperial	Type
DGHZ01	25mm x 18.3m	1" x 60'	Rolls
DGHZ02	50mm x 18.3m	2" x 60'	
DGHZ04	100mm x 18.3m	4" x 60'	
DGHZ06	150mm x 18.3m	6" x 60'	
DGHZ624	610mm x 150mm	2' x 6"	Cleat

Typical applications: Industrial and construction sites, commercial premises, universities, public buildings, residential, retail, sports facilities and offices

Diamond Grip Aluminum Plate

- ◆ Ideal for anti-slip surfacing on hazardous steps, uneven or loose surfaces.
- ◆ Tough aluminium plates commonly used on external wooden surfaces like decking or as slip-resistant stair treads.
- ◆ Quick and easy installation with pre-drilled countersunk screw holes; can be fitted with screws, nails, bolts, or rivets.
- ◆ Aesthetically pleasing design, blends seamlessly into the existing environment.
- ◆ Material: Weatherproof aluminium plate with aluminium oxide coated PVC.
- ◆ Overall height: 3mm.

Black only

Suitable for
indoor and outdoor use

Code	Metric	Imperial
DGAP25	114mm x 635mm	4" x 2'

Typical applications: Industrial and construction sites gangways and open mesh decking, commercial premises, domestic home decking, shopping centre decking, restaurant decking, nightclub decking and other commercial decking areas

PVC Cable Protector

- ◆ All-purpose cable protector, a simple and cost-effective solution to prevent trip hazards from trailing wires and leads.
- ◆ Two separate internal channels allow easy cable insertion through the base slot, ensuring they lay flat on the floor surface.
- ◆ Quick installation without disconnecting wires.
- ◆ Self-adhesive backing adheres to carpets or hard floors.
- ◆ Helps comply with safety regulations:
- ◆ Material: Soft PVC.
- ◆ Available in two thicknesses: 12mm and 17mm.
- ◆ Capacity: 12mm - 2 x 8mm cables and, 17mm - 2 x 11mm cables.

Suitable for
indoor and outdoor use

Code	Metric	Imperial	Thickness
CP375	75mm x 3m	3" x 10'	12mm
CP310	100mm x 3m	4" x 10'	17mm

Typical applications: Offices, storage areas, workshops, warehouses, events, shows and exhibitions

HD Cable Protector

- ◆ Tough industrial-grade PVC cable protector.
- ◆ Capacity for two 25mm cables or pipes.
- ◆ Suitable for areas with forklifts and other vehicles.
- ◆ Supplied with double-sided tape for easy floor application.
- ◆ Helps comply with safety regulations.
- ◆ Material: PVC.
- ◆ Overall height: 35mm.

Suitable for indoor and outdoor use

Code	Metric	Imperial
HD152	200mm x 1.5m	8" x 5'

Typical applications: Industrial and construction sites, warehouses and workshops, production spaces plus for events, exhibitions and shows

Entrance

First impressions count, providing effective dirt and moisture control for every doorway

We offer a vast range of indoor and outdoor entrance mats designed with every need and environment in mind. From low to high water absorbency, differing levels of textured surfaces to remove dirt, soil and snow, to our open top range that allow fluids and debris to drain through leaving a dry, safe surface. We also offer decontamination matting for maintaining clean room and laboratory standards.

It is a recognised fact that between 70-80% of interior floor soiling enters buildings via foot traffic, that is why having the right matting in place is essential.

We can offer advice on the perfect matting solution for you, but for guidance it is recommended that each foot makes contact at least 4 times to clean and dry footwear sufficiently. These can be divided into three zones:

Zone 1: This is where heavy debris is removed. Ideally, 40% of dirt and moisture should be cleared within the first 1.5 meters. It's most effective when positioned outside the entrance.

Zone 2: Here, fine debris and moisture are scraped and wiped off shoes. Approximately 20% is removed in this zone.

Zone 3: Additional wiping mats in this area complete the drying process, typically within about 5 metres.

All of our products are categorised by zones to help you choose the right mat for you.

We're confident that our mats will give you peace of mind; keeping your employees, customers, family, or friends safe from slips, trips and falls whilst, at the same time, protecting surfaces from damage.

Plushway

- ◆ Hardwearing all-purpose mat, ideal for moderate to high traffic areas.
- ◆ Plush pile effectively traps and removes soil, dirt, and provides excellent moisture control.
- ◆ Offers floor surface protection and helps prevent slips, trips, and falls.
- ◆ Material: Polypropylene fibres heat bonded to a heavy duty PVC vinyl base.
- ◆ Overall height: 7mm.

Code	Metric	Imperial
PM2436	60cm x 90cm	2' x 3'
PM3648	90cm x 120cm	3' x 4'

PM4896	120cm x 240cm	4' x 8'

Typical applications: Offices, schools, universities, public buildings, hotels, shops, sports facilities, restaurants, offices and on construction sites

Lustre

- ◆ Highly effective, hard-wearing entrance mat.
- ◆ Heavy-duty twisted polyamide fibres offer excellent water absorption and dirt removal.
- ◆ Features an anti-slip gripper backing to prevent mat movement.
- ◆ Machine washable at 40°C.
- ◆ Material: Polyamide fibres with 100% nitrile rubber base.
- ◆ Overall height: 9mm.

Code	Metric	Imperial
LM2436	60cm x 85cm	2' x 3'
LM3648	85cm x 120cm	3' x 4'

LM4872	115cm x 180cm	4' x 6'
LM4896	115cm x 240cm	4' x 8'

Typical applications: Schools, universities, public buildings, sports facilities, shopping malls and offices

Brushway

- ◆ Ideal for indoor light to medium traffic areas.
- ◆ The unique double rib incorporates high/low design for effective brushing and wiping action while efficiently removing moisture.
- ◆ Slip resistant base to prevent movement.
- ◆ Material: Polypropylene fibres heat bonded to a heavy duty vinyl base.
- ◆ Overall height: 9mm.

Code	Metric	Imperial
BM2436	60cm x 90cm	2' x 3'

Suitable for indoor use

Zone 2 Zone 3

Typical applications: Schools, offices, commercial establishments, retail and industrial entrances

Chevron

- ◆ High-performing entrance mat, ideal for heavy foot traffic areas like entranceways and lobbies.
- ◆ Made from high-quality anti-static polypropylene with a distinctive non-directional herringbone pattern for excellent brushing and wiping action.
- ◆ Strong vinyl backing is moisture, slip, and stain resistant.
- ◆ Certified Fire Rating: EN 13501-1:2007+ A1:2009.
- ◆ Material: 100% polypropylene bonded to a vinyl base.
- ◆ Overall height: 9mm.

Charcoal only, other colours available on request

Suitable for indoor use

Zone 2 Zone 3

Code	Metric	Imperial
CH2436CH	60cm x 90cm	2' x 3'

CH4872CH	120cm x 180cm	4' x 6'

Typical applications: Schools, offices, commercial establishments, retail and industrial entrances.

Aquasorb

- ◆ All-round high performance mat with crush resistant raised waffle design for aggressive scraping and cleaning action.
- ◆ Extremely tough solid rubber perimeter, making it ideal for medium to heavy traffic areas, a perfect choice for schools.
- ◆ The slip resistant backing minimises movement on all surfaces.
- ◆ Material: Decalon fibres bonded to a tough rubber base.
- ◆ Overall height 9mm.

Code	Metric	Imperial
AM2436	60cm x 90cm	2' x 3'
AM3248	80cm x 120cm	3' x 4'
AM3660	90cm x 150cm	3' x 5'
AM4872	120cm x 180cm	4' x 6'

Typical applications: Schools, universities, public buildings, sports facilities, shopping malls, offices and on construction sites

Aquasorb Super

- ◆ Heavy-duty indoor entrance mat designed for optimal moisture and dirt retention, even under the heaviest foot traffic, while maintaining a great appearance over time.
- ◆ Unique slip-resistant gripper pattern on the back.
- ◆ Raised edges to prevent water from tracking onto surrounding floors.
- ◆ Impressive capacity to hold up to 6 litres per sq. m.
- ◆ Anti-microbial treatment to prevent the entry of bacteria and germs into buildings.
- ◆ Material: Polyester bonded to a tough synthetic rubber base.
- ◆ Overall height: 13mm.

Code	Metric	Imperial
AS2436CH	60cm x 90cm	2' x 3'
AS3660CH	90cm x 150cm	3' x 5'
AS4872CH	120cm x 180cm	4' x 6'

Charcoal only, other colours available on request

Typical applications: Schools, universities, public buildings, hotels, shops, sports facilities, restaurants and offices. Due to the anti-microbial benefits, the mat is also suitable for medical including clean areas

Dayton

- ◆ Economically priced, hard wearing mat, perfect for medium footfall areas.
- ◆ The stain resistant, anti-slip vinyl backing ensures the mat stays in place.
- ◆ 100% polypropylene pile effectively removes dirt and moisture.
- ◆ Available in a range of dirt-hiding mottled colours for an attractive appearance.
- ◆ Material: 100% polypropylene with vinyl backing.
- ◆ Overall height: 7mm.

*Available in Anthracite only

Typical applications: Schools, universities, public buildings, residential, retail, sports facilities, offices and on construction sites

Richmond

- ◆ Highly absorbent cotton wiper mat, perfect for everyday moisture and dirt control.
- ◆ Available in a range of attractive flecked colours.
- ◆ Machine washable for easy maintenance.
- ◆ Material: Real cotton fibres bonded to a PVC vinyl backing.
- ◆ Overall height: 6mm.

Code	Metric	Imperial
RD2436	60cm x 90cm	2' x 3'

Typical applications: Commercial and residential premises including care homes

Lexington

- ◆ Highly absorbent lightweight economy cotton wiper mat.
- ◆ Available in a range of attractive flecked colours.
- ◆ Machine washable for convenient cleaning.
- ◆ Borderless design with radius corners.
- ◆ Material: Real cotton fibres bonded to a latex backing.
- ◆ Overall height: 5mm.

PVC Backed Coir

- ◆ Time-proven traditional entrance matting material for indoor mat wells and foyers.
- ◆ Exceptional moisture and dirt trapping properties with brush-like action on shoe soles.
- ◆ Easily cut to any size without requiring edge binding.
- ◆ Material: 100% natural coir with PVC backing for added stability.
- ◆ Overall height: 17mm.

Code	Metric	Imperial	Type
CO3941	100cm x 12.5m	3' x 41'	Roll
CO1701	100cm wide	3' wide	Cut length - per m

Typical applications: Schools, offices, commercial establishments, retail, residential, industrial entrances and construction site cabins

Logo Mat

- ◆ Logo Mat provide excellent marketing and brand awareness.
- ◆ Made from heavy-duty twisted polyamide fibres, offering great water absorption and dirt removal.
- ◆ Custom-made to your individual requirements.
- ◆ Features an anti-slip gripper to prevent slipping on smooth surfaces.
- ◆ Bespoke sizes available.
- ◆ Machine washable for convenient cleaning.
- ◆ Material: Heavy duty polyamide with 100% nitrile rubber backing.
- ◆ Overall height: 9mm.

LO5979	150cm x 200cm	5' x 7'
LO5998	150cm x 250cm	5' x 8'
LO5910	150cm x 300cm	5' x 10'
LO7910	200cm x 300cm	7' x 10'

Typical applications: Schools, universities, public buildings, sports facilities, shopping malls, offices, hotels and bars and restaurants

How to order:

- ◆ Choose your mat size.
- ◆ Email sales@bluediamond.uk.com with a high-resolution image of your design and brand guidelines in PDF, JPEG, or similar format.
- ◆ Upon order confirmation, you'll receive a full-colour proof for approval.
- ◆ Your design will be closely matched from our range of over 150 colours.

Octaguard

- ◆ Versatile heavyweight rubber mat for demanding entrance areas and outdoor use.
- ◆ Straight edges enable mats to be joined in both directions with connectors, covering large areas.
- ◆ Octagonal drainage holes and raised edging allow fluid and debris to pass through, keeping the surface clear.
- ◆ Designed to withstand heavy and regular usage over a long period.
- ◆ Cellular slip-resistant surface ensures safety.
- ◆ Optional inserts brushes enhance scraping action and allow for logos, messages, or brand colours on the mat.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height is 22mm (excluding brushes).

Code	Metric	Imperial	Type
OG3959	100cm x 150cm	3' x 5'	Mat
OGC	7cm x 7cm	3" x 3"	Connector
OGB	3cm x 2cm	1" x 1"	Insert brush

Black only

Bushes in black, blue and grey (additional colours available on request)

Typical applications: Perfect for every entrance

Sentry

- ◆ Multi-purpose, hardwearing anti-slip mat for challenging entrances.
- ◆ Honeycombed surface provides exceptional scraping action, allowing dirt and debris to fall through.
- ◆ Bevelled edges on all sides prevent trips, while raised studs on the underside keep the mat in place.
- ◆ Available in various sizes to suit every entrance.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 13mm.

Code	Metric	Imperial	Type
SE2436	60cm x 90cm	2' x 3'	Mats
SE3248	80cm x 120cm	3' x 4'	
SE3660	91cm x 150cm	3' x 5'	
SE310	91cm x 3m	3' x 10'	Rolls
SE320	91cm x 6m	3' x 19'	

Black only

Typical applications: Residential, schools, universities, public buildings, sports facilities, shopping malls and offices

Soilscraper

- ◆ High traction mat for removing dirt and grit in demanding conditions.
- ◆ Manufactured from hardwearing rubber to withstand the highest volume of traffic.
- ◆ Anti-slip underside grip pattern ensures adherence to most surfaces and prevents movement.
- ◆ Low profile edge detail.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 7mm.

Suitable for
indoor and outdoor use

Code	Metric	Imperial
SO3660	90cm x 150cm	3' x 5'

Typical applications: Commercial, Industrial and engineering entrances as well kitchens and restaurants

Safety Scrape

- ◆ Exceptional anti-slip mat with moulded scrapers to remove heavy dirt and swarf from shoes and boots.
- ◆ Resistant to oil, grease and chemicals.
- ◆ Rubber gripper backing ensures the mat remains firm underfoot even in wet or oily areas.
- ◆ Easy to clean, simply shake or hose off.
- ◆ Material: 100% nitrile rubber.
- ◆ Ultra-low profile of 5mm.

Black only

Suitable for
indoor and outdoor use

Code	Metric	Imperial
SS2436	60cm x 90cm	2' x 3'
SS3660	85cm x 150cm	3' x 5'
SS310	85cm x 300cm	3' x 10'
SS4872	113cm x 180cm	4' x 6'
SS410	113cm x 300cm	4' x 10'

Typical applications: Workshop entrances, engineering workshops, kitchens, production areas, welding areas as well as external entrances

Fingerbrush

- ◆ Designed for external use, withstands extreme weather and heavy foot traffic.
- ◆ Hundreds of flexible rubber bristles remove dirt and clean shoes quickly.
- ◆ Anti-trip bevelled rubber border reduces the risk of trips.
- ◆ Anti-slip underside detail prevents mat movement.
- ◆ Material: 100% natural rubber.
- ◆ Overall height: 15mm.

Black only

Suitable for indoor and outdoor use

FB3239	80cm x 100cm	3' x 3'
FB3672	90cm x 180cm	3' x 6'

Typical applications: Schools, offices, commercial establishments, retail, residential, industrial and on construction sites

Sticky Step Plastic

- ◆ Anti-microbial adhesive sticky plastic sheets.
- ◆ Removes dirt from shoes, wheels, etc. on contact.
- ◆ 30 peel-off layers for maintaining a clean surface at all times.
- ◆ Bottom layer adheres to any clean, dry floor.
- ◆ 4 mats per pack/120 sheets.
- ◆ Sheet thickness, 0.055mm + 5%.
- ◆ Peel adhesion, 433g/25mm (top layer), 1071g/25mm (bottom layer).
- ◆ Material: Polyethylene film coated with acrylic (water solvable) adhesive.
- ◆ Overall height 2mm.

Code	Metric	Imperial
SP1845	48cm x 110cm	2' x 4'
SP2436	60cm x 90cm	2' x 3'
SP3660	90cm x 150cm	3' x 5'

Typical applications: Maintaining clean room and laboratory standards, operating theatres, intensive care units, data centres and pharmaceutical, electronics, aerospace, instrumentation, nuclear and construction

Sticky Step Textile

- ◆ Heavy-duty contamination control mat designed to capture large amounts of dust and dirt.
- ◆ Anti-microbial adhesive surface removes dirt on contact from shoes, wheels, and more.
- ◆ Simply peel away soiled layers to reveal a new clean layer.
- ◆ Bottom layer adheres to any clean, dry floor.
- ◆ 2 mats per pack.
- ◆ Material: 36 resin impregnated woven cotton layers that sit securely within a heavy-duty plastic frame.
- ◆ Overall height: 10mm.

Code	Metric	Imperial
ST2436	60cm x 90cm	2' x 3'
ST3641	90cm x 104cm	3' x 3'

Typical applications: Paint shops, construction, offshore, nuclear, electronic industries and environments where contamination control is essential.

GRP

Remove the risk of slips, trips and falls

Slips, trips, and falls account for more than a third of all major injuries, and statistics reveal that a significant portion of these incidents involves slips. At Blue Diamond, we're here to support you in choosing the right protective flooring for your application, guaranteeing the safety of your visitors and employees, regardless of the weather or environment.

Our comprehensive range of safety solutions for slip-resistant surfaces include anti-slip GRP stair treads, anti-slip GRP nosing covers, anti-slip GRP decking strips, and GRP flat sheets, all designed to enhance safety and reduce the risk of accidents. Our GRP Open Top Grating is also a cost-effective alternative to traditional floor grating materials like mild steel, stainless steel, aluminium, or wood.

All of our anti-slip GRP range is designed to ensure longevity and maximum protection.

Anti-Slip GRP Stair Nosing

- ◆ Extremely high anti-slip rating.
- ◆ Moulded fibreglass stair nosing covers offer a cost-effective way to increase stairway safety.
- ◆ Suitable for concrete, metal, or wood steps.
- ◆ Robust fibreglass GRP construction withstands harsh conditions.
- ◆ Impregnated heavy-duty grit surface protects against delamination, unlike metal-backed alternatives.
- ◆ Impregnated fire-retardant additives ensure excellent fire and heat resistance (ASTM E84 compliant).
- ◆ Lightweight and easy to handle.
- ◆ Simple installation.
- ◆ Hardwearing and long-lasting.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness: 4mm.

Code	Profile Size	Length

SN0379*	30mm x 70mm	2m
SN0310*	30mm x 70mm	3m

*Not available in Black/Yellow

Typical applications: Schools, residential, leisure, construction, commercial and industrial environments

Anti-Slip GRP Stair Tread

- ◆ Extremely high anti-slip rating.
- ◆ Moulded fibreglass stair tread covers offer a cost-effective way to increase stairway safety.
- ◆ Suitable for concrete, metal, or wood steps.
- ◆ Robust fibreglass GRP construction withstands harsh conditions.
- ◆ Impregnated heavy-duty grit surface protects against delamination, unlike metal-backed alternatives.
- ◆ Impregnated fire-retardant additives ensure excellent fire and heat resistance (ASTM E84 compliant).
- ◆ Lightweight and easy to handle.
- ◆ Simple installation.
- ◆ Hardwearing and long-lasting.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness: 4mm.

Code	Profile Size	Length
STI424	55mm x 345mm	600mm
STI430	55mm x 345mm	750mm
STI439	55mm x 345mm	1m
STI448	55mm x 345mm	1.2m
STI460	55mm x 345mm	1.5m
STI479	55mm x 345mm	2m
STI410	55mm x 345mm	3m
STI412	55mm x 345mm	3.6m

Typical applications: Schools, residential, leisure, construction, commercial and industrial environments

Anti-Slip GRP Decking Strips

- ◆ Extremely high anti-slip rating.
- ◆ Direct fixing to various floor surfaces for immediate safety improvement.
- ◆ Corrosion and water, oil, and chemical resistant.
- ◆ Simple installation process.
- ◆ Can be supplied pre-drilled.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Available in two profile sizes: 50mm and 90mm.
- ◆ Overall thickness: 3mm.

Code	Size
DS0230	50mm x 750mm
DS0239	50mm x 1m
DS0259	50mm x 1.5m
DS0279	50mm x 2m
DS0210	50mm x 3m
DS0439	90mm x 1m
DS0459	90mm x 1.5m
DS0410	90mm x 3m

Typical applications: Industrial or construction sites, plus in schools, residential areas, commercial premises and sport and leisure facilities

Anti-Slip GRP Flat Sheet

- ◆ Extremely high anti-slip rating.
- ◆ Designed for direct fixing to various floor surfaces, to significantly enhance safety.
- ◆ Corrosion, water, oil, and chemical resistant.
- ◆ Perfect for marking out walkways and providing clear access routes with inherent strong anti-slip properties.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness: 4mm.

Code	Size
FS3248	800mm x 1220mm
FS3910	1000mm x 3000mm
FS4848	1220mm x 1220mm
FS4859	1220mm x 1500mm
FS4896	1220mm x 2440mm
FS4810	1220mm x 3000mm

Typical applications: Industrial or construction sites, in schools, residential areas, commercial premises and sport and leisure facilities

GRP Grating

- ◆ Moulded non-slip composite floor grating.
- ◆ Constructed from glass reinforced fibreglass making it lightweight and chemical, rust, and corrosion resistant, ensuring longevity and durability.
- ◆ Cost-effective alternative to traditional materials like mild steel, stainless steel, aluminium, or wood.
- ◆ Limited tooling and installation costs.
- ◆ Standard and bespoke sizes available with in-house cutting service.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Available in 25mm, 38mm and 50mm thickness.
- ◆ Fixing clips and clamps available to purchase, see page 50.

Code	Size	Thickness
GR3939-25	996mm x 996mm	25mm
GR3960-25	1492mm x 996mm	25mm
GR3979-25	1985mm x 996mm	25mm
GR3910-25	3010mm x 996mm	25mm
GR4812-25	3660mm x 1220mm	25mm
GR3939-38	996mm x 996mm	38mm
GR3960-38	1492mm x 996mm	38mm
GR3979-38	1985mm x 996mm	38mm
GR3910-38	3010mm x 996mm	38mm
GR4812-38	3660mm x 1220mm	38mm
GR4812-50	3665mm x 1225mm	50mm

Typical applications: Platforms, walkways, flooring, ramps and covers for industrial or construction sites, chemical and shipping industries as well as offshore oil rigs

GRP Mini Mesh

- ◆ Moulded non-slip composite floor grating.
- ◆ Constructed from glass reinforced fibreglass making it lightweight, chemical, rust, and corrosion resistant, ensuring longevity and durability.
- ◆ Cost-effective alternative to traditional materials like mild steel, stainless steel, aluminium, or wood.
- ◆ Limited tooling and installation costs.
- ◆ Standard and bespoke sizes available with in-house cutting service.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness 30mm.
- ◆ Fixing clips and clamps available to purchase, see page 50.

Suitable for indoor and outdoor use

Code	Size	Thickness
GR4913-30GY	4038mm x 1262mm	30mm

Typical applications: Platforms, walkways, pontoons, flooring, ramps and covers for industrial or construction sites, chemical and shipping industries as well as offshore oil rigs

GRP Angle Profile

- ◆ GRP Angle designed to be used with our vast range of GRP grating.
- ◆ Provides best-practice fixing methods for fastening grating panels or creating frames and truss structures.
- ◆ Can be easily cut to any length using our in-house cutting service.
- ◆ Constructed from glass reinforced fibreglass making it lightweight, chemical, rust, and corrosion resistant whilst also offering longevity and durability.
- ◆ Available in Grey (RAL 7000).
- ◆ Fixing clips and clamps available to purchase, see below.

Suitable for indoor and outdoor use

Code	Metric	Thickness
G-AP51GY	50mm x 50mm x 6m	6mm

Typical applications: Perfect fixing solution for grating panels or creating frames and truss structures for industrial or construction sites, chemical and shipping industries, water treatment plants as well as offshore oil rigs

GRP Grating Accessories

- ◆ GRP Grating Clips designed for use with our range of grating products.
- ◆ Material: Stainless steel.
- ◆ We supply M Clips and C Clips to fit 25mm, 38mm and 50mm grating, M Clip for Mini Mesh, universal J Camp and our Square Fixing Clip for 25mm, 38mm and Mini Mesh grating.

Code	Description
CC-25SS	Stainless Steel C Clip for 25mm Grating c/w fixing bolt
CC-38SS	Stainless Steel C Clip for 38mm Grating c/w fixing bolt
CC-50SS	Stainless Steel C Clip for 50mm Grating c/w fixing bolt
MC-25SS	Stainless Steel M Clip for 25mm Grating
MC-38SS	Stainless Steel M Clip for 38mm Grating
MC-50SS	Stainless Steel M Clip for 50mm Grating
MC-19SS	Stainless Steel M Clip for Mini Mesh Grating
JC-38SS	Stainless Steel J Clamp
FC45SS	Stainless Steel Square Fixing Clip

GRP Fixing Screws

- ◆ Screw fixings designed for use with our GRP products, providing best-practice fixing methods to most substrates.
- ◆ Material: The fixings come in steel, bright zinc plate and powder coated lacquer where coloured.
- ◆ Perfect for use with our Anti-Slip GRP Flat Sheets, Anti-Slip GRP Decking Strips, Anti-Slip GRP Nosing Covers and our Anti-Slip GRP Stair Treads.

Code	Description	Colour Options
SCR1000 (200)	R2 CSK Cutter Screw 4.0 x 25	Gold, Bright Zink Plate
SCR1001 (200)	R2 CSK Cutter Screw 4.0 x 40	Gold, Bright Zink Plate
SCR1002 (200)	R2 CSK Cutter Screw 5.0 x 40	Gold, Bright Zink Plate
SCR1003 (Each)	R2 CSK Cutter Screw 4.0 x 40	Lacquered Black, Lacquered Yellow

GRP Adhesive and Sealant

- ◆ Adhesive designed for use with our GRP products and can be used to bond GRP to most substrates including metal, wood, concrete and brick.
- ◆ Material: Solvent free sealant and adhesive combining the best qualities of silicone and polyurethane technologies.
- ◆ Perfect for use with our Anti-Slip GRP Flat Sheets, Anti-Slip GRP Decking Strips, Anti-Slip GRP Nosing Covers and our Anti-Slip GRP Stair Treads.

Code	Description	Colour Options
GRPA1000	Sealant and Adhesive 290ml	Clear
GRPA1000	Sealant and Adhesive 290ml	White

Construction

Matting and GRP to withstand any environment, no matter how demanding

Our construction range is the result of your feedback, tailored to provide solutions for every environment, spanning from light-duty to heavy-duty performance. Within our extensive selection, you'll find walkway and ground cover solutions, including anti-fatigue, rubber, and vinyl matting, protective flooring, self-draining, and moisture, dirt, and swarf control options, along with our anti-slip GRP safety products. Notably, our GRP Open Top Grating serves as a cost-effective alternative to traditional floor grating materials like mild steel, stainless steel, aluminium, or wood.

We offer a range of standard length and width sizes for all our products, and our in-house cutting service allows us to provide bespoke sizes for the perfect fit.

Cellmax

- ◆ Economical rubber duckboard matting for comfort and safety.
- ◆ Cellular slip-resistant surface.
- ◆ Straight edges for easy joining with connectors, to cover large areas and around machinery.
- ◆ Octagonal drainage holes and raised edging ensure a clear surface by allowing fluid and debris to fall through.
- ◆ Designed for heavy and regular usage over a long period.
- ◆ Ideal for use in wet areas and walkways.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 22mm.

Black only

Code	Metric	Imperial	Type
CM3959	100cm x 150cm	3' x 5'	Mats
CMC	7cm x 7cm	3" x 3"	Connector

Typical applications: Industrial, construction and manufacturing environments, ideal for wet areas and can be used for roof walkway matting

Greenskeeper

- ◆ Natural rubber matting, the perfect solution for safety walkways where a hard wearing anti-slip ground protection is required.
- ◆ Provides safety and traction on steep paths.
- ◆ Simple and economical installation.
- ◆ Certified to EN177.2018 for Critical Fall Height.
- ◆ Material: Natural and recycled rubber.
- ◆ Available in two thicknesses: 16mm and 23mm.

Code	Metric	Imperial	Thickness	Type
GKS1015	100cm x 150cm	3' x 5'	16mm	Mat
GK1015	100cm x 150cm	3' x 5'	23mm	Mat
GKC	6.5cm x 6.5cm	3" x 3"		Connector
GKP	14cm long x 30mm dia head	6" long x 1" dia head		Peg (pack of 100)

GKT	200mm x 4.8mm	9" x 0.2"		Cable ties (pack of 100)
-----	---------------	-----------	--	--------------------------

Black only

Suitable for outdoor use

Typical applications: Site walkways and all outdoor spaces where anti-slip ground protection is needed

Greenskeeper Mesh

- ◆ Lightweight grass reinforcement matting made from extruded plastic and used as an underlay for Greenskeeper.
- ◆ Easy to install, just unroll the mesh and secure with fixing pins
- ◆ Material: High density polyethylene.
- ◆ Available in 2m wide by 30m rolls

Green only

Suitable for outdoor use

Code	Metric	Imperial	Type
GKM7998	200cm x 30m	7' x 98'	Roll

Typical applications: For use as an underlay to Greenskeeper

Workzone

- ◆ Multi-purpose hardwearing mat, provides excellent anti-fatigue benefits.
- ◆ Anti-slip surface and bevelled edges on all four sides ensure worker comfort and safety.
- ◆ Honeycomb design traps swarf and disperses liquids quickly, leaving the surface clear.
- ◆ Available in a various sizes to fit any environment.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 13mm.

Black only

Suitable for indoor and outdoor use

Code	Metric	Imperial	Type
WZ2436	60cm x 90cm	2' x 3'	Mats
WZ3248	80cm x 120cm	3' x 4'	
WZ3660	91cm x 150cm	3' x 5'	
WZ310	91cm x 3m	3' x 10'	Rolls
WZ320	91cm x 6m	3' x 20'	

Typical applications: Industrial, construction and manufacturing environments, production and assembly lines, workshops, distribution centres and individual workstations and custom work platforms

Rubber Rib Mat

- ◆ Low cost rubber surface covering.
- ◆ 100% rubber with fine ribbed surface for sure footing and easy cleaning.
- ◆ Material: 100% rubber.
- ◆ Available in 3mm and 6mm thicknesses.
- ◆ Choose from rolls or cut lengths.

Code	Metric	Imperial	Thickness	Type
RR391	90cm x 10m	3' x 33'	3mm	Rolls
RR3122	120cm x 10m	4' x 33'	3mm

RR391C	90cm wide	3' wide	3mm	Cut length - per m
RR3122C	120cm wide	4' wide	3mm	
RR691C	90cm wide	3' wide	6mm	
RR6100C	100cm wide	3' wide	6mm	
RR6122C	120cm wide	4' wide	6mm	

Black only

Suitable for indoor and outdoor use

Typical applications: Industrial flooring, aisles, work benches and vehicle interiors, kennels, livery enclosures and animal grooming areas

Wide Rib Rubber

- ◆ Low cost rubber surface covering.
- ◆ The wide ribbed surface provides excellent grip for both floor surfaces and work areas.
- ◆ Material: 100% rubber.
- ◆ Available in two thicknesses: 3mm and 6mm and two widths: 90cm and 120cm.
- ◆ Choose from rolls or cut lengths.

Code	Metric	Imperial	Thickness	Type
WR391	90cm x 10m	3' x 33'	3mm	Rolls
WR3122	120cm x 10m	4' x 33'	3mm	
WR691	90cm x 10m	3' x 33'	6mm	
WR6122	120cm x 10m	4' x 33'	6mm	
WR391C	90cm wide	3' wide	3mm	Cut length - per m
WR3122C	120cm wide	4' wide	3mm	
WR691C	90cm wide	3' wide	6mm	
WR6122C	120cm wide	4' wide	6mm	

Black only

Suitable for indoor and outdoor use

Typical applications: Industrial flooring, aisles, work benches and vehicle interiors, kennels, livery enclosures and animal grooming areas.

Utility

- ◆ Hard wearing multi-purpose mat with anti-slip textured surface.
- ◆ Drainage channels and holes keep the surface clear of dirt and water.
- ◆ Built in bevelled edge for added trip resistance (120cm x 180cm mat only).
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 10mm.

Black only

Suitable for indoor and outdoor use

Code	Metric	Imperial	Type
UT4872	120cm x 180cm	4' x 6'	Mat
UT3916	100cm x 5m	3' x 16'	Rolls
UT3933	100cm x 10m	3' x 33'	

Typical applications: Construction, distribution, industrial and engineering environments. can also be used for roof walkways

Interflex

- ◆ Ultimate multi-use slip resistant mat, designed to withstand extensive foot traffic.
- ◆ Two-layer construction and channelled underbars automatically self-drain when faced with large amounts of water, oil, grease, or chemicals.
- ◆ The mats embossed surface provides exceptional grip, whilst the anti-microbial and anti-fungal additives ensure excellent hygiene.
- ◆ Easy to cut and contours to uneven surfaces, UV resistant.
- ◆ Excellent sound absorption properties.
- ◆ Resistant to most acids, alkaline and oils.
- ◆ Connector clips for side or end joining.
- ◆ Material: Flexible PVC.
- ◆ 100% recyclable, overall height: 11mm.

Code	Metric	Imperial	Type
IF2433	60cm x 10m	2' X 33'	Rolls
IF3233	80cm x 10m	3' x 33'	
IF3933	100cm x 10m	3' x 33'	
IF4733	120cm x 10m	4' x 33'	
IF24	60cm wide	2' wide	Cut length - per m
IF32	80cm wide	3' wide	
IF39	100cm wide	3' wide	
IF47	120cm wide	4' wide	
IFC	30mm x 20mm x 10mm	1" x 1" x 0.4"	Connector

Typical applications: Perfect for all wet environments plus welding, oily and heavy industrial areas, machine workshops

Spaghetti Site Mat PVC

- ◆ Heavy-duty durable PVC looped construction for maximum wear and tear resistance.
- ◆ Self-draining design keeps the surface clear of dirt and water.
- ◆ High visibility colours available.
- ◆ Long roll length ideal for construction site walkways; can be cut to any size.
- ◆ Perfect for indoor and outdoor surface protection.
- ◆ Customisable with company logos, text, or warning information.
- ◆ Material: 100% PVC.
- ◆ Overall height: 12mm.

Code	Metric	Imperial	Type
TC440	120cm x 12m	4' x 40'	Roll

Typical applications: Walkway or ground cover for construction, engineering and industrial environments

SiteMat

- ◆ Cost-effective anti-slip protection.
- ◆ Versatile, durable, and lightweight.
- ◆ Provides exceptional non-directional grip due to its diamond-embossed chequer plate pattern.
- ◆ The bright yellow color enhances visibility.
- ◆ Material: 100% PVC.
- ◆ Thickness: 2mm.

Yellow only

Code	Metric	Imperial	Type
CR2100-1	100cm x 10m	3' x 33'	Roll

Typical applications: Ideal for enhancing safety and visibility in construction site walkways and other high-traffic areas

Sticky Step Textile

- ◆ Heavy-duty contamination control mat designed to capture large amounts of dust and dirt.
- ◆ Anti-microbial adhesive surface removes dirt on contact from shoes, wheels, and more.
- ◆ Simply peel away soiled layers to reveal a new clean layer.
- ◆ Bottom layer adheres to any clean, dry floor.
- ◆ 2 mats per pack.
- ◆ Material: 36 resin impregnated woven cotton layers that sit securely within a heavy-duty plastic frame.
- ◆ Overall height: 10mm.

Light grey only

Code	Metric	Imperial
ST2436	60cm x 90cm	2' x 3'
ST3641	90cm x 104cm	3' x 3'

Typical applications: Paint shops, construction, offshore, nuclear, electronic industries and environments where contamination control is essential.

Sticky Step Plastic

- ◆ Anti-microbial adhesive sticky plastic sheets.
- ◆ Removes dirt from shoes, wheels, etc. on contact.
- ◆ 30 peel-off layers for maintaining a clean surface at all times.
- ◆ Bottom layer adheres to any clean, dry floor.
- ◆ 4 mats per pack/120 sheets.
- ◆ Sheet thickness, 0.055mm + 5%.
- ◆ Peel adhesion, 433g/25mm (top layer), 1071g/25mm (bottom layer).
- ◆ Material: Polyethylene film coated with acrylic (water solvable) adhesive.
- ◆ Overall height 2mm.

Code	Metric	Imperial
SP1845	48cm x 110cm	2' x 4'
SP2436	60cm x 90cm	2' x 3'
SP3660	90cm x 150cm	3' x 5'

Typical applications: Maintaining clean room and laboratory standards, operating theatres, intensive care units, data centres and pharmaceutical, electronics, aerospace, instrumentation, nuclear and construction environments

PVC Backed Coir

- ◆ Time-proven traditional entrance matting material for indoor mat wells and foyers.
- ◆ Exceptional moisture and dirt trapping properties with brush-like action on shoe soles.
- ◆ Easily cut to any size without requiring edge binding.
- ◆ Material: 100% natural coir with PVC backing for added stability.
- ◆ Overall height: 17mm.

Natural only

Typical applications: Schools, offices, commercial establishments, retail, residential, industrial entrances and construction site cabins

Code	Metric	Imperial	Type
CO3941	100cm x 12.5m	3' x 41'	Roll
CO1701	100cm wide	3' wide	Cut length - per m

Dayton

- ◆ Economically priced, hard wearing mat, perfect for medium footfall areas.
- ◆ The stain resistant, anti-slip vinyl backing ensures the mat stays in place.
- ◆ Thick dense pile effectively removes dirt and moisture.
- ◆ Available in a range of dirt-hiding mottled colours for an attractive appearance.
- ◆ Material: 100% polypropylene fibres with vinyl backing.
- ◆ Overall height: 7mm.

Typical applications: Schools, universities, public buildings, residential, retail, sports facilities, offices and on construction sites

Code	Metric	Imperial	Type
DT2436	60cm x 90cm	2' x 3'	Mats
DT3648	90cm x 120cm	3' x 4'	
DT3660	90cm x 150cm	3' x 5'	
DT4872	120cm x 180cm	4' x 6'	
DT4896	120cm x 240cm	4' x 8'	
DT36*	90cm wide	3' wide	Cut length - per m

*Available in Anthracite only

Plushway

- ◆ Hardwearing all-purpose mat, ideal for moderate to high traffic areas.
- ◆ Plush pile effectively traps and removes soil, dirt, and provides excellent moisture control.
- ◆ Offers floor surface protection and helps prevent slips, trips, and falls.
- ◆ Available in various sizes and colours to suit individual requirements.
- ◆ Material: Polypropylene fibres heat bonded to a heavy duty PVC vinyl base.
- ◆ Overall height: 7mm.

Code	Metric	Imperial
PM2436	60cm x 90cm	2' x 3'
PM3648	90cm x 120cm	3' x 4'
PM3660	90cm x 150cm	3' x 5'
PM310	90cm x 300cm	3' x 10'
PM4872	120cm x 180cm	4' x 6'
PM4896	120cm x 240cm	4' x 8'

Typical applications: Offices, schools, universities, public buildings, hotels, shops, sports facilities, restaurants, offices and on construction sites

Fingerbrush

- ◆ Designed for external use, withstands extreme weather and heavy foot traffic.
- ◆ Hundreds of flexible rubber bristles remove dirt and clean shoes quickly.
- ◆ Anti-trip bevelled rubber border reduces the risk of trips.
- ◆ Anti-slip underside detail prevents mat movement.
- ◆ Material: 100% natural rubber.
- ◆ Overall height: 15mm.

Black only

Code	Metric	Imperial
FB2432	60cm x 80cm	2' x 3'
FB3239	80cm x 100cm	3' x 3'
FB3672	90cm x 180cm	3' x 6'

Typical applications: Schools, offices, commercial establishments, retail, residential, industrial and on construction sites

Aquasorb

- ◆ All-round high performance mat with crush resistant raised waffle design for aggressive scraping and cleaning action.
- ◆ Extremely tough solid rubber perimeter, making it ideal for medium to heavy traffic areas, a perfect choice for schools.
- ◆ The slip resistant backing minimises movement on all surfaces.
- ◆ Material: Decalon fibres bonded to a tough rubber base.
- ◆ Overall height 9mm.

Code	Metric	Imperial
AM2436	60cm x 90cm	2' x 3'
AM3248	80cm x 120cm	3' x 4'
AM3660	90cm x 150cm	3' x 5'
AM4872	120cm x 180cm	4' x 6'

Suitable for indoor use

Typical applications: Schools, universities, public buildings, sports facilities, shopping malls, offices and on construction sites

GRP Grating

- ◆ Moulded non-slip composite floor grating.
- ◆ Constructed from glass reinforced fibreglass making it lightweight and chemical, rust, and corrosion resistant, ensuring longevity and durability.
- ◆ Cost-effective alternative to traditional materials like mild steel, stainless steel, aluminium, or wood.
- ◆ Limited tooling and installation costs.
- ◆ Standard and bespoke sizes available with in-house cutting service.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Available in 25mm, 38mm and 50mm thickness.
- ◆ Fixing clips and clamps available to purchase, see page 66.

Code	Size	Thickness
GR3939-25	996mm x 996mm	25mm
GR3960-25	1492mm x 996mm	25mm
GR3979-25	1985mm x 996mm	25mm
GR3910-25	3010mm x 996mm	25mm
GR4812-25	3660mm x 1220mm	25mm
GR3939-38	996mm x 996mm	38mm
GR3960-38	1492mm x 996mm	38mm
GR3979-38	1985mm x 996mm	38mm
GR3910-38	3010mm x 996mm	38mm
GR4812-38	3660mm x 1220mm	38mm
GR4812-50	3665mm x 1225mm	50mm

Typical applications: Platforms, walkways, flooring, ramps and covers for industrial or construction sites, chemical and shipping industries as well as offshore oil rigs

GRP Mini Mesh

- ◆ Moulded non-slip composite floor grating.
- ◆ Constructed from glass reinforced fibreglass making it lightweight, chemical, rust, and corrosion resistant, ensuring longevity and durability.
- ◆ Cost-effective alternative to traditional materials like mild steel, stainless steel, aluminium, or wood.
- ◆ Limited tooling and installation costs.
- ◆ Standard and bespoke sizes available with in-house cutting service.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness 30mm.
- ◆ Fixing clips and clamps available to purchase, see page 66.

Code	Size	Thickness
GR4913-30GY	4038mm x 1262mm	30mm

Typical applications: Platforms, walkways, pontoons, flooring, ramps and covers for industrial or construction sites, chemical and shipping industries as well as offshore oil rigs

GRP Angle Profile

- ◆ GRP Angle designed to be used with our vast range of GRP grating.
- ◆ Provides best-practice fixing methods for fastening grating panels or creating frames and truss structures.
- ◆ Can be easily cut to any length using our in-house cutting service.
- ◆ Constructed from glass reinforced fibreglass making it lightweight, chemical, rust, and corrosion resistant whilst also offering longevity and durability.
- ◆ Available in Grey (RAL 7000).
- ◆ Fixing clips and clamps available to purchase, see page 66.

Code	Metric	Thickness
G-AP51GY	50mm x 50mm x 6m	6mm

Typical applications: Perfect fixing solution for grating panels or creating frames and truss structures for industrial or construction sites, chemical and shipping industries, water treatment plants as well as offshore oil rigs

GRP Grating Accessories

- ◆ GRP Grating Clips designed for use with our range of grating products.
- ◆ Material: Stainless steel.
- ◆ We supply M Clips and C Clips to fit 25mm, 38mm and 50mm grating, M Clip for Mini Mesh, universal J Camp and our Square Fixing Clip for 25mm, 38mm and Mini Mesh grating.

Code	Description
CC-25SS	Stainless Steel C Clip for 25mm Grating c/w fixing bolt
CC-38SS	Stainless Steel C Clip for 38mm Grating c/w fixing bolt

Anti-Slip GRP Flat Sheet

- ◆ Immediate solution for proving highly effective anti-slip flooring to minimise the risk of slips, trips and falls.
- ◆ Designed to be fitted directly onto concrete, metal, wood and much more, the simple design allows for quick and easy installation
- ◆ Corrosion, water, oil, and chemical resistant.
- ◆ Perfect for marking out walkways and providing clear access routes with inherent strong anti-slip properties.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness: 4mm.

Code	Size
FS3248	800mm x 1220mm
FS3910	1000mm x 3000mm
FS4848	1220mm x 1220mm
FS4859	1220mm x 1500mm
FS4896	1220mm x 2440mm
FS4810	1220mm x 3000mm

Typical applications: Industrial or construction sites, in schools, residential areas, commercial premises and sport and leisure facilities

Anti-Slip GRP Decking Strips

- ◆ Extremely high anti-slip rating.
- ◆ Direct fixing to various floor surfaces for immediate safety improvement.
- ◆ Corrosion and water, oil, and chemical resistant.
- ◆ Simple installation process.
- ◆ Can be supplied pre-drilled.
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Available in two profile sizes: 50mm and 90mm.
- ◆ Overall thickness: 3mm.

Code	Size
DS0230	50mm x 750mm
DS0239	50mm x 1m
DS0259	50mm x 1.5m
DS0279	50mm x 2m
DS0210	50mm x 3m
DS0439	90mm x 1m
DS0459	90mm x 1.5m
DS0410	90mm x 3m

Typical applications: Industrial or construction sites, plus in schools, residential areas, commercial premises and sport and leisure facilities

Anti-Slip GRP Stair Nosing

- ◆ Extremely high anti-slip rating.
- ◆ Moulded fibreglass stair nosing covers offer a cost-effective way to increase stairway safety.
- ◆ Can be applied to existing concrete, metal, or wood steps.
- ◆ Robust fibreglass GRP construction withstands harsh conditions and the heavy-duty grit surface protects against delamination, unlike metal-backed alternatives.
- ◆ Impregnated fire-retardant additives ensure excellent fire and heat resistance (ASTM E84 compliant).
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness: 4mm.

Code	Profile Size	Length

SN0379*	30mm x 70mm	2m
SN0310*	30mm x 70mm	3m

*Not available in Black/Yellow

Typical applications: Schools, residential, leisure, construction, commercial and industrial environments

Anti-Slip GRP Stair Tread

- ◆ Extremely high anti-slip rating.
- ◆ Moulded fibreglass stair tread covers offer a cost-effective way to increase stairway safety.
- ◆ Suitable for concrete, metal, or wood steps.
- ◆ Robust fibreglass GRP construction withstands harsh conditions and the heavy-duty grit surface protects against delamination, unlike metal-backed alternatives.
- ◆ Impregnated fire-retardant additives ensure excellent fire and heat resistance (ASTM E84 compliant).
- ◆ Material: GRP - Glass reinforced polyester with a resin coated gritted surface.
- ◆ Overall thickness: 4mm.

Code	Profile Size	Length
ST1424	55mm x 345mm	600mm
ST1430	55mm x 345mm	750mm

ST1412	55mm x 345mm	3.6m

Typical applications: Schools, residential, leisure, construction, commercial and industrial environments

GRP Fixing Screws

- ◆ Screw fixings designed for use with our GRP products, providing best-practice fixing methods to most substrates.
- ◆ Material: The fixings come in steel, bright zinc plate and powder coated lacquer where coloured.
- ◆ Perfect for use with our Anti-Slip GRP Flat Sheets, Anti-Slip GRP Decking Strips, Anti-Slip GRP Nosing Covers and our Anti-Slip GRP Stair Treads.

Code	Description	Colour Options
SCR1000 (200)	R2 CSK Cutter Screw 4.0 x 25	Gold, Bright Zink Plate
SCR1001 (200)	R2 CSK Cutter Screw 4.0 x 40	Gold, Bright Zink Plate
SCR1002 (200)	R2 CSK Cutter Screw 5.0 x 40	Gold, Bright Zink Plate
SCR1003 (Each)	R2 CSK Cutter Screw 4.0 x 40	Lacquered Black, Lacquered Yellow

GRP Adhesive and Sealant

- ◆ Adhesive designed for use with our GRP products and can be used to bond GRP to most substrates including metal, wood, concrete and brick.
- ◆ Material: Solvent free sealant and adhesive combining the best qualities of silicone and polyurethane technologies.
- ◆ Perfect for use with our Anti-Slip GRP Flat Sheets, Anti-Slip GRP Decking Strips, Anti-Slip GRP Nosing Covers and our Anti-Slip GRP Stair Treads.

Code	Description	Colour Options
GRPA1000	Sealant and Adhesive 290ml	Clear
GRPA1000	Sealant and Adhesive 290ml	White

Diamond Grip Tape – General Purpose

- ◆ Self-adhesive anti-slip tape for medium to high traffic areas.
- ◆ Waterproof, oil and grease resistant, including most chemicals.
- ◆ Provides excellent grip levels for added safety.
- ◆ Available in rolls or stair tread cleats.
- ◆ Easy application with application temperature range of 10°C - 50°C.
- ◆ Strong adhesion: 5.5kg / 25mm.
- ◆ Material: Aluminium Oxide (80 grit) with solvent acrylic adhesive.
- ◆ Overall height: 0.8mm.

Code	Metric	Imperial	Type
DGGP01	25mm x 18.3m	1" x 60'	Rolls
DGGP02	50mm x 18.3m	2" x 60'	
DGGP04	100mm x 18.3m	4" x 60'	
DGGP06	150mm x 18.3m	6" x 60'	
DGGP624	610mm x 150mm	2' x 6"	Cleat

Typical applications: Industrial and construction sites, commercial premises, universities, public buildings, residential, retail, sports facilities and offices

Diamond Grip Tape – Hazard

- ◆ Self-adhesive anti-slip tape for medium to high traffic areas.
- ◆ Hazard design to increase awareness.
- ◆ Waterproof, oil and grease resistant, including most chemicals.
- ◆ Provides excellent grip levels for added safety.
- ◆ Available in rolls or stair tread cleats.
- ◆ Easy application with application temperature range of 10°C - 50°C.
- ◆ Strong adhesion: 5.5kg / 25mm.
- ◆ Material: Aluminium Oxide (80 grit) with solvent acrylic adhesive.
- ◆ Overall height: 0.8mm.

Code	Metric	Imperial	Type
DGHZ01	25mm x 18.3m	1" x 60'	Rolls
DGHZ02	50mm x 18.3m	2" x 60'	
DGHZ04	100mm x 18.3m	4" x 60'	
DGHZ06	150mm x 18.3m	6" x 60'	
DGHZ624	610mm x 150mm	2' x 6"	Cleat

Typical applications: Industrial and construction sites, commercial premises, universities, public buildings, residential, retail, sports facilities and offices

Diamond Grip Aluminum Plate

- ◆ Ideal for anti-slip surfacing on hazardous steps, uneven or loose surfaces.
- ◆ Tough aluminium plates commonly used on external wooden surfaces like decking or as slip-resistant stair treads.
- ◆ Quick and easy installation with pre-drilled countersunk screw holes; can be fitted with screws, nails, bolts, or rivets.
- ◆ Aesthetically pleasing design, blends seamlessly into the existing environment.
- ◆ Material: Weatherproof aluminium plate with aluminium oxide coated PVC.
- ◆ Overall height: 3mm.

Black only

Suitable for indoor and outdoor use

Code	Metric	Imperial
DGAP25	114mm x 635mm	4" x 2'

Typical applications: Industrial and construction sites gangways and open mesh decking, commercial premises, domestic home decking, shopping centre decking, restaurant decking, nightclub decking and other commercial decking areas

PVC Cable Protector

- ◆ All-purpose cable protector, a simple and cost-effective solution to prevent trip hazards from trailing wires and leads.
- ◆ Two separate internal channels allow easy cable insertion through the base slot, ensuring they lay flat on the floor surface.
- ◆ Quick installation without disconnecting wires.
- ◆ Self-adhesive backing adheres to carpets or hard floors.
- ◆ Helps comply with safety regulations:
- ◆ Material: Soft PVC.
- ◆ Available in two thicknesses: 12mm and 17mm.
- ◆ Capacity: 12mm - 2 x 8mm cables and, 17mm - 2 x 11mm cables.

Suitable for indoor and outdoor use

Code	Metric	Imperial	Thickness
CP375	75mm x 3m	3" x 10'	12mm
CP310	100mm x 3m	4" x 10'	17mm

Typical applications: Offices, storage areas, workshops, warehouses, events, shows and exhibitions

HD Cable Protector

- ◆ Tough industrial-grade PVC cable protector.
- ◆ Capacity for two 25mm cables or pipes.
- ◆ Suitable for areas with forklifts and other vehicles.
- ◆ Supplied with double-sided tape for easy floor application.
- ◆ Helps comply with safety regulations.
- ◆ Material: PVC.
- ◆ Overall height: 35mm.

Suitable for indoor and outdoor use

Code	Metric	Imperial
HD152	200mm x 1.5m	8" x 5'

Typical applications: Industrial and construction sites, warehouses and workshops, production spaces plus for events, exhibitions and shows

Sport and Leisure

Facilitating fun, whilst offering underfoot comfort and safety

As the sports and leisure industry continues to grow, our matting solutions play a pivotal role in elevating the experience for participants and visitors alike. Our range of products are specially designed to cater to the unique demands of this dynamic sector, making them perfect for leisure centres, gyms, outdoor play areas, golf courses, and so much more.

From barefoot comfort, reducing slip hazards, offering shock absorbing benefits, improving noise control and comfort to erosion control and safety requirements, we're confident we'll have the right product for you.

Kumfi Step

- ◆ Free-draining matting for ultimate barefoot comfort and anti-slip protection in wet areas.
- ◆ Stays non-slip and sturdy even with soapy water.
- ◆ Anti-bacterial treated plastic prevents fungi and bacteria growth.
- ◆ Available in various colours, can be cut to fit any size, and connector clips are available to create larger widths.
- ◆ Material: Mixed soft and hygienic polyethylene.
- ◆ Overall height: 9mm.

Code	Metric	Imperial	Type
KM2436	60cm x 90cm	2' x 3'	Mat
KM250	60cm x 15m	2' x 50'	Roll
KM24	60cm wide	2' wide	Cut length - per m
KMC	45mm x 5mm x 5mm	2" x 0.2" x 0.2"	Connector (pack of 40)

Typical applications: Poolside areas, saunas, changing rooms, shower areas and locker rooms

Trapwell Spaghetti Comfort

- ◆ Unbacked, free-draining reversible matting for wet area safety.
- ◆ Soft vinyl loops provide barefoot comfort.
- ◆ Customisable to fit any shape and around obstacles like pool handrails.
- ◆ Ideal for various leisure applications.
- ◆ Material: Vinyl.
- ◆ Overall height: 10mm.

Code	Metric	Imperial	Type
TC320	90cm x 6m	3' x 20'	Rolls
TC340	90cm x 12m	3' x 40'	
TCL440*	120cm x 12m	4' x 40'	
TC36	90cm wide	3' wide	Cut length - per m

* Red and yellow only available at this size, all other products available in blue

Typical applications: Changing and shower rooms, saunas and around swimming pools

Interflex Style

- ◆ Strong, impact-resistant, flexible duckboard mat with a unique cross-ribbed design for barefoot hygiene, comfort, and stability.
- ◆ Free-draining surface, ideal for wet areas.
- ◆ Incorporates anti-microbial and anti-fungal additives for continuous hygiene.
- ◆ Easy installation and removal, can be cut to size for a perfect fit. Interflex Style can be rolled for easy storage.
- ◆ Resistant to most chemicals, acids, and caustic solutions (of commercially available concentration).
- ◆ Recyclable.
- ◆ Material: Soft PVC and unplasticized PVC.
- ◆ Overall height: 12mm.

Code	Metric	Imperial	Type
IS2433	60cm x 10m	2' x 33'	Rolls
IS3233	80cm x 10m	3' x 33'	
IS3933	100cm x 10m	3' x 33'	
IS24	60cm wide	2' wide	Cut length - per m
IS32	80cm wide	3' wide	
IS39	100cm wide	3' wide	

Typical applications: Swimming pools, therapeutic baths, changing and shower rooms, saunas and health and spa resort facilities. Interflex Style can also be used in hospitals

Interflex

- ◆ Ultimate multi-use slip resistant mat designed to withstand extensive foot traffic.
- ◆ Two-layer construction and channelled underbars automatically self-drain, even when faced with large amounts of water.
- ◆ The mats embossed surface provides exceptional grip, whilst the anti-microbial and anti-fungal additives ensure excellent hygiene.
- ◆ Easy to cut and contours to uneven surfaces, UV resistant.
- ◆ Excellent sound absorption properties.
- ◆ Resistant to most acids, alkaline and oils.
- ◆ Connector clips for side or end joining.
- ◆ Material: Flexible PVC.
- ◆ 100% recyclable, overall height: 11mm.

Code	Metric	Imperial	Type
IF2433	60cm x 10m	2' X 33'	Rolls
IF3233	80cm x 10m	3' x 33'	
IF3933	100cm x 10m	3' x 33'	
IF4733	120cm x 10m	4' x 33'	
IF24	60cm wide	2' wide	Cut length - per m
IF32	80cm wide	3' wide	
IF39	100cm wide	3' wide	
IF47	120cm wide	4' wide	
IFC	30mm x 20mm x 10mm	1" x 1" x 0.4"	Connector

Typical applications: Swimming pools and therapeutic baths, changing rooms, health resort facilities, restrooms, workplaces, kitchens and catering facilities

Kumfi Tile PVC

- ◆ A very versatile high grip interlocking matting system.
- ◆ Designed to provide the ultimate in barefoot comfort and safety.
- ◆ Free flowing 4-way drainage design means the system is effective for indoor and outdoor, dry and wet environments.
- ◆ Simple and effective interlocking system ensures a firm, quick joint which can be easily, but not accidentally released.
- ◆ Lays to fit awkward shapes in any colour combination.
- ◆ System allows rapid extension or adaption to its surroundings.
- ◆ Easy to clean - simply unclips into small sections.
- ◆ Material: Soft PVC.
- ◆ Overall height: 12mm.

Suitable for indoor and outdoor use

Code	Metric	Imperial	Type
KT1212	30cm x 30cm	12" x 12"	Tile
KT1202	30cm x 5cm	12" x 2"	Bevel Edge

Typical applications: Swimming pools, showers, changing rooms and numerous other leisure applications

Interlocking Gym Mat

- ◆ Loose-lay interlocking floor tiles for noise and shock absorption in gyms and weight training areas.
- ◆ 100% rubber construction with bevelled edges and textured surface for safety.
- ◆ Modular format fits any area and can be easily relocated.
- ◆ Reduces the risk of impact-related injuries.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 10mm.

Suitable for indoor use

Typical applications: Gymnasiums and weight training areas plus ice skating arenas and other sporting venues

Code	Metric	Imperial	Type
GT2424	60cm x 60cm	2' x 2'	Centre tile
GTC2424	60cm x 60cm	2' x 2'	Corner tile
GTE2424	60cm x 60cm	2' x 2'	Edge tile

Dynamat

- ◆ Heavy duty premium rubber mat.
- ◆ Made from dense rubber with textured top surface for added traction.
- ◆ The wide ribbed pattern on reverse allows drainage.
- ◆ Excellent shock absorption qualities, wear resistance, and insulation properties.
- ◆ Material: Natural and recycled rubber.
- ◆ Available in two thicknesses: 10mm and 17mm.

Suitable for use in indoor and sheltered areas

Typical applications: Sports facilities, ice skating rinks, horse stables, kennels, livery enclosures, animal grooming areas, agricultural buildings, or industrial sites

Code	Metric	Imperial	Thickness
DM10	120cm x 180cm	4' x 6'	10mm
DM17	120cm x 180cm	4' x 6'	17mm

Greenskeeper

- ◆ Natural rubber matting for discreet soil retention and erosion control in outdoor spaces.
- ◆ Moulded anti-slip cellular structure allows grass to penetrate, establishing a firm bond to the ground and effectivity hiding the matting.
- ◆ Provides safety and traction on steep paths.
- ◆ Simple and economical installation.
- ◆ Easy maintenance - grass can be cut with a conventional mower once established.
- ◆ Certified to EN177:2018 for Critical Fall Height.
- ◆ Material: Natural and recycled rubber.
- ◆ Available in two thicknesses: 16mm and 23mm.

Black only

Code	Metric	Imperial	Thickness	Type
GKS1015	100cm x 150cm	3' x 5'	16mm	Mat
GK1015	100cm x 150cm	3' x 5'	23mm	Mat
GKC	6.5cm x 6.5cm	3" x 3"		Connector
GKP	14cm long x 30mm dia head	6" long x 1" dia head		Peg (pack of 100)
GKT	200mm x 4.8mm	9" x 0.2"		Cable ties (pack of 100)

Suitable for outdoor use

Typical applications: Walkways, golf courses, playgrounds and all outdoor spaces where anti-slip ground protection is needed

Greenskeeper Mesh

- ◆ Lightweight grass reinforcement matting made from extruded plastic and used as an underlay for Greenskeeper.
- ◆ Designed to protect and strengthen grass and turf.
- ◆ Easy to install, just unroll the mesh and secure with fixing pins
- ◆ Material: High density polyethylene.
- ◆ Available in 2m wide by 30m rolls

Green only

Suitable for outdoor use

Code	Metric	Imperial	Type
GKM7998	200cm x 30m	7' x 98'	Roll

Typical applications: For use as an underlay to Greenskeeper

Groundsafe

- ◆ Impact-absorbing natural rubber matting for safe playground and outdoor public area surfacing.
- ◆ Moulded anti-slip cellular structure allows grass penetration, forming a firm bond to the ground and effectively hiding the matting.
- ◆ Provides enhanced ground drainage and erosion protection in high foot traffic areas.
- ◆ Simple and safe installation without dangerous chemicals or adhesives.
- ◆ Proven alternative to wet-pour or rubber tile safety surfaces.
- ◆ Easy maintenance - grass can be cut with a conventional mower once established.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 23mm.

Black only

Connector

Suitable for indoor and outdoor use

Code	Metric	Imperial	Type
GSI015	100cm x 150cm	3' x 5'	Mats
GSC	7cm x 7cm	3" x 3"	Connector

Typical applications: Playgrounds, walkways and all outdoor areas

Catering

Providing safe, comfortable and hygienic flooring for the food industry

The use of floor matting in the food and catering industries provides an essential blend of worker comfort and ensuring a safe working environment. Our product range has been designed and manufactured to meet the specific requirements of this sector.

- ◆ Anti-fatigue matting for labour intensive tasks often requiring long periods of standing on hard floor surfaces. Our resilient nitrile rubber products are also recommended for areas where fat and grease may be present
- ◆ Preventing slips, trips and falls especially in areas where floors are often wet or greasy. Our open top modular systems allow dropped food or liquids to fall through, minimising hazards and leaving a clean and safe surface
- ◆ Footwear cleaning and sanitisation matting to prevent the spread of bacteria and contamination

Workzone

- ◆ Multi-purpose hardwearing mat for inside and outside use.
- ◆ Provides excellent anti-fatigue benefits.
- ◆ Anti-slip surface and bevelled edges on all four sides ensure comfort and safety.
- ◆ Honeycomb design traps kitchen waste and disperses fluids quickly, leaving the surface clear.
- ◆ Available in a various sizes to fit any environment.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 13mm.

Code	Metric	Imperial	Type
WZ2436	60cm x 90cm	2' x 3'	Mats
WZ3248	80cm x 120cm	3' x 4'	
WZ3660	91cm x 150cm	3' x 5'	
WZ310	91cm x 3m	3' x 10'	Rolls
WZ320	91cm x 6m	3' x 20'	

Black only

Typical applications: Kitchens, bars, restaurants and food preparation areas

Workzone – 75% Nitrile

- ◆ Multi-purpose oil and grease resistant mat with safety anti-slip surface and bevels on all sides.
- ◆ Open top design quickly disperses liquids, leaving the surface clear.
- ◆ Provides excellent anti-fatigue benefits.
- ◆ Available in a range of sizes to suit any environment.
- ◆ Material: Natural and recycled rubber.
- ◆ Overall height: 13mm.

Code	Metric	Imperial	Type
WZN3660	91cm x 150cm	3' x 5'	Mats
WZ310*	91cm x 3m	3' x 10'	Rolls
WZ320*	91cm x 6m	3' x 20'	

*Available in red only

Typical applications: Kitchens, bars, restaurants and food preparation areas

Cushion Link Open Top – 100% Nitrile

- ◆ 100% nitrile modular anti-fatigue matting system, offering outstanding ergonomic comfort and safety.
- ◆ Interlocking mats with bevel system to create any size and shape.
- ◆ Open top design for excellent drainage and swarf removal.
- ◆ High quality resilient rubber compounds, resistant to extreme temperatures and most chemicals.
- ◆ Material: Nitrile rubber.
- ◆ Bevel edges sold separately.
- ◆ Overall height: 19mm.

Black only

Bevels available in both black and yellow

Suitable for indoor and outdoor use

Code	Metric	Imperial	Type
CLO36NFR	92cm x 92cm	3' x 3'	Mat
CLS36BM	92mm x 5.5mm	3' x 2"	Bevel Male
CLS36BF	92mm x 5.5mm	3' x 2"	Bevel Female

Typical applications: Kitchens, bars, restaurants and food preparation areas

Interflex

- ◆ Ultimate multi-use slip resistant mat.
- ◆ Withstands extensive foot traffic and large amounts of water or grease.
- ◆ Two-layer construction and channelled underbars automatically self-drain.
- ◆ Incorporates anti-microbial and anti-fungal additives for continuous hygiene.
- ◆ Easy to cut and contours to uneven surfaces, UV resistant.
- ◆ Excellent sound absorption properties.
- ◆ Connector clips for side or end joining.
- ◆ Material: Flexible PVC.
- ◆ 100% recyclable, overall height: 11mm.

Code	Metric	Imperial	Type
IF2433	60cm x 10m	2' X 33'	Rolls
IF3233	80cm x 10m	3' x 33'	
IF3933	100cm x 10m	3' x 33'	
IF4733	120cm x 10m	4' x 33'	
IF24	60cm wide	2' wide	Cut length - per m
IF32	80cm wide	3' wide	
IF39	100cm wide	3' wide	
IF47	120cm wide	4' wide	
IFC	30mm x 20mm x 10mm	1" x 1" x 0.4"	Connector

Typical applications: Kitchens, bars, restaurants and food preparation areas

Sanibrush

- ◆ Hygienic solution for food preparation and processing areas as well as entrances
- ◆ Ramped edges retain applied disinfectant solution.
- ◆ Raised nib design compresses under foot traffic, ensuring contact with the disinfectant.
- ◆ Provides excellent scrubbing action and anti-fatigue benefits.
- ◆ Material: 100% natural rubber.
- ◆ Overall height: 15mm.

Code	Metric	Imperial
SB2432	60cm x 80cm	2' x 3'
SB3239	80cm x 100cm	3' x 3'
SB3672	90cm x 180cm	3' x 6'

Typical applications: Kitchens, bars, restaurants and food preparation areas

Resources

Your guide to all things technical, product care and maintenance, our environmental commitment, and index

Technical information

All Blue Diamond products have been meticulously manufactured to exceptionally high standards and performance tested, enabling them to be offered to today's demanding market with complete confidence.

Performance icons have been added to each product, to reflect not only the results of the tests but also feedback from users over the years. For the icons below, we've also included ratings from 1 to 3; the higher the rating, the greater effectiveness of the product.

Slip Resistant

ASTM C1028-89 & DIN-E-51130, 51097. These tests measure the force needed for load slippage on the material's surface. The coefficient of friction ratio, obtained by dividing force by weight, indicates slip resistance. The higher performance rating means better coefficient of friction and greater slip resistance.

Anti-Fatigue Properties

ASTM D3574. This is a simple deflection/compression test which gives a rating depending on the difference in height of a mat before and during the time a weight has been placed on it. The greater the difference, the better the anti-fatigue properties and overall performance.

Wear Resistant

ASTM D3844-92. An accelerated wear test involves measuring the complete loss of material weight after subjecting it to 5000 cycles under an abrasive wheel.

Water Absorbent

The rating reflects the amount of moisture per square metre the product can absorb.

Crush Resistant

This test simulates the impact when weight is applied. The higher the rating, the more resistant the mat.

Soil Resistant

The higher the rating, the greater the weight of dust and dirt is collected in the particular mat. This capability is greatly enhanced by the design and quality of the materials used in the manufacture of the mats.

The icons are there to help you choose the right product for you, your customers, and the application the product is being used in. You will find the full list of icons at front of this directory, you can also visit bluediamond.uk.com.

All of our products can be used for a wide variety of applications and you can find an overview of the typical applications beside each product. Remember, we're here to help you find the right product and you can be confident that when we recommend a product for a specific application, it will be the best solution available.

GRP chemical resistance

Product care and maintenance

Effective care and maintenance play a pivotal role in maximising the lifespan and usability of our products. Regular upkeep not only preserves their aesthetic appeal but also sustains their functional integrity over time. By adhering to recommended maintenance practices, such as routine cleaning and inspection, the lifespan of our products can be significantly prolonged. This proactive approach not only enhances safety but also minimises the need for premature replacements ultimately contributing to cost savings and promoting environmental responsibility.

Please refer to our product data sheets at bluediamond.uk.com for specific cleaning information. You will also find recommended routine maintenance for our GRP range.

Our enviromental commitment

Our Environmental procedures and ISO14001 accreditation embodies our commitment to actively reduce our environmental impact by continually reviewing and improving our environmental performance. Driving ecoefficiencies across our manufacturing processes is also integral to our business strategy and operating methods.

Our policy is to:

- ◆ Wholly support and comply with or exceed the requirements of current environmental legislation and codes of practice.
- ◆ Continue to manufacture products that stand the test of time, achieved through a fusion of innovative design and sustainable manufacturing practices, and materials, all of which reflect our commitment to lasting quality and environmental responsibility.
- ◆ Implement sustainable packaging solutions that align with our commitment to reducing our ecological footprint.
- ◆ Meet our internal initiatives that include but are not limited to minimising our waste and reuse or recycle as much as possible, improved energy efficiency across all of our buildings, vehicles and processes, equipment innovation, and supplier and distributor engagement.
