

Cushion Link Solid Top - General Purpose

Cushion Link Solid Top is a modular anti-fatigue matting system designed for various applications. Its textured surface provides the ultimate anti-slip protection while offering outstanding ergonomic comfort and safety. Ideal for heavy-duty or dry industrial areas, as well as gymnasiums, weight training areas, and other sporting venues due to their shock absorbing nature and noise reduction benefits. Manufactured from the highest quality resilient rubber compounds, Cushion Link Solid Top - General Purpose contains 25% nitrile, making the product resistant to extreme temperatures. The adaptable solid top design is also compatible with the Cushion Link Open Top range.

All Cushion Link mats can be interlocked and edged using a simple bevel system to create any size or shape. The unique interlocking mechanism, along with male and female edges and bevels, provides secure connectivity.

Features

- ◆ **Typical applications:** Perfect for industrial and manufacturing areas as well gymnasiums, weight training areas plus other sporting venues.
- ◆ **Material:** Natural rubber, recycled rubber and nitrile rubber.
- ◆ **Cleaning:** Wash with cold water, use vacuum cleaner, or use a pressure pump to remove dirt.
- ◆ **Sustainability:** Nature friendly, biodegradable and recyclable. REACH compliant. Contributes to a cleaner environment by reducing the need to use cleaning chemicals.
- ◆ **Warranty:** Lifetime.

Suitable for indoor and outdoor use
