

Interflex is the ultimate multi-use slip resistant mat designed to withstand extensive foot traffic. Interflex can be used in wet areas such as swimming pools, changing and various other sport and leisure facilities, along with industrial, construction and catering establishments where slip hazards exist. The strong, non-porous PVC with channelled underbars automatically self-drain even when faced with large amount of water, oil, grease, or chemicals. The mats embossed surface provides exceptional grip whilst the anti-microbial and anti-fungal additives ensures excellent hygiene. Interflex also offers excellent sound absorption properties. Connector clips are available for side or end joining to create the perfect shape or fit.

Features

- Typical applications: Perfect for all wet environments including industrial sites, swimming pools and therapeutic baths, changing rooms, health resort facilities, hospitals, restrooms, workplaces, kitchens and catering facilities plus, industrial and construction establishments where free draining flooring is needed.
- Material: Flexible PVC.
- Cleaning: Regular cleaning will maintain both the effectiveness and lifespan of Interflex. Interflex can be hand cleaned, machine and steam cleaned. When using Interflex for barefoot activity, or when used in Catering environments, we recommend using an alkaline cleaning fluid.
- Sustainability: 100% recyclable material. REACH compliant.
- Warranty: Lifetime.
