

Kumfi Tile PVC

Kumfi Tile PVC is a very versatile, simple and effective interlocking matting system with bevelled edges, designed with a high grip surface making it suitable for a wide variety of applications. The free flowing 4-way drainage design means the system is effective for indoor and outdoor, dry, wet, oily and greasy environments. When used for leisure applications, the soft PVC construction provides the ultimate barefoot comfort and anti-slip safety. At the same time, Kumfi tile PVC provides fantastic anti-fatigue benefits and is durable and hard wearing for most commercial and industrial applications.

Features

- ◆ **Typical applications:** Perfect for most commercial and industrial applications including exhibitions, hospitals, hotels, kitchens and catering facilities, leisure and sporting venues, kennels, livery enclosures and animal grooming areas.
- ◆ **Material:** Soft PVC.
- ◆ **Cleaning:** Easy to clean - simply unclips into small sections. When used in barefoot environment, we recommend regular cleaning using an alkaline cleaning fluid.
- ◆ **Sustainability:** Recyclable material. REACH compliant.
- ◆ **Warranty:** Lifetime.

Suitable for
indoor and outdoor use
