

Octaguard

Octaguard is sturdy rubber duckboard that provides excellent rigidity due to its solid cellular construction. The octagonal shaped drainage holes have raised edging which allows fluid and debris to fall through, leaving a clear surface. Octaguard also has a straight edge design which allows the mats to be joined together using the connectors to cover large areas. This product also offers exceptional anti-fatigue benefits and the slip resistant surface is ideal for use in wet areas.

With this product, you can add coloured insert brushes which not only enhance the scraping action to remove dirt but can also be used to create logos, add messages or your brand colours to your mat.

Features

- ◆ **Typical applications:** A versatile heavy weight mat that is perfect for entrances.
- ◆ **Material:** Natural and recycled rubber.
- ◆ **Cleaning:** Wash with cold water, use vacuum cleaner, or use a pressure pump to remove dirt.
- ◆ **Sustainability:** Nature friendly, biodegradable and recyclable. REACH compliant. Contributes to a cleaner environment by reducing the need to use cleaning chemicals.
- ◆ **Warranty:** Lifetime.

Black only
